Confidentiality Statement

The collection of this information is authorized by Section 1862(b) of the Social Security Act (codified at 42 U.S.C 1395y(b)) (see also 42, C.F.R. 411.24). The information collected will be used to identify and recover past conditional and mistaken Medicare primary payments and to prevent Medicare from making mistaken payments in the future for those Medicare Secondary Payer situations that continue to exist. The Privacy Act (5 U.S.C. 552a(b)), as amended, prohibits the disclosure of information maintained by the Centers for Medicare & Medicaid Services (CMS) in a system of records to third parties, unless the beneficiary provides a written request or explicit written consent/authorization for a party to receive such information. Where the beneficiary provides written consent/proof of representation, CMS will permit authorized parties to access requisite information.

The following updates have been made in Version 6.0 of the Workers’ Compensation Medicare Set-Aside Portal (WCMSAP) User Guide:

To allow users more time to submit Amended Reviews for Workers’ Compensation (WC) cases, the eligibility time frame has been extended from four years to six years from the time of the last approval (Section.12.4.3).
Chapter 2: Introduction

2.1 Overview

The Centers for Medicare & Medicaid Services (CMS) requires a mechanism to receive and evaluate future medical and future prescription drug costs for inclusion in Workers’ Compensation Medicare Set-Aside Arrangements (WCMSAs). The Workers’ Compensation Medicare Set-Aside Portal (WCMSAP) is a web-based application that allows attorneys, beneficiaries, claimants, insurance carriers, representative payees, and WCMSA vendors to:

- Create a Work-in-Progress (WIP) case
- Submit WCMSA cases
- Perform case lookups
- Append documentation to a case
- Receive alerts relating to case activity
- Submit a re-review request
- Report to CMS on the use of established WCMSA accounts

This user guide was written to help the user understand the WCMSAP and how to complete the registration and case submission processes.

All implementation instructions are available at https://www.cob.cms.hhs.gov/WCMSA/ on the WCMSAP dedicated web page:

2.2 Account Types

Before beginning the registration process, you must determine your account type. There are three types of WCMSAP accounts: Corporate, Representative, and Self. Account types are mutually exclusive; you can only select one account type.

- **Corporate** account type indicates that the submitter is registering as a corporate entity with an Employer Identification Number (EIN). Those registering as a Corporate account will regularly submit WCMSA cases.
- **Professional Administrator** accounts are for corporate entities administering WCMSA funds after settlement who are responsible for reporting to Medicare. These account holders may submit WCMSA transactions via input file submissions and download response files.
- **Representative** account type is for non-corporate WCMSAP users. These submitters do not have an EIN but will submit multiple cases.
- **Self**-submitters are Medicare beneficiaries, or individuals with a reasonable expectation of becoming a Medicare beneficiary within 30 months, who wish to submit a case for themselves.

The account type selected determines both the basic information that is captured during the registration process and the level of vetting that is subsequently undertaken.
2.3 User Roles

The WCMSAP permits multiple users per account to take part in the account registration and case submission processes. Each user is defined by one of three possible roles.

2.3.1 Account Representative (AR) Role

The Account Representative (AR) role is for Corporate and Professional Administrator account types only. Your AR is the individual who has the legal authority to bind the company to a contract and the terms of WCMSAP requirements and processing. Your AR has ultimate accountability for the company’s compliance with WCMSAP submission or WCMSA administration requirements.

Although the AR does not have direct access to the WCMSAP application and cannot be a user on the portal, the AR must approve the organization’s profile during the initial account setup and through any subsequent changes. The AR is also the recipient of the more severe error notifications, such as non-compliance. An AR cannot also be defined as an Account Manager (AM) or Account Designee (AD) for any account.

The AR:

- Performs the New Registration step on the WCMSAP but is not provided with a login ID. They cannot be an actual user of the system.
- Designates the AM.
- Must approve the account setup, by physically signing the Profile Report, including the Data Use Agreement and returning it to the Benefits Coordination & Recovery Center (BCRC).
- May be associated with more than one account, but only as an AR.

Change your AR by using the Update Corporate Information process, as described in Chapter 8.

2.3.2 Account Manager (AM) Role

Each WCMSAP Account must have an assigned Account Manager (AM). The AM is established during the account setup process. Each WCMSAP account can have only one AM. This is the individual who controls the administration of an organization’s account and manages cases, which includes managing case access.

The AM is a registered user of the system. AMs have unlimited access to WCMSAP functionality and cases. The submitter for Self account types is, by default, the AM for the account. For Corporate, Representative, and Professional Administrator account types, the AM is assigned during the Account Setup process. (For Representative accounts, the submitter may be the AM, but they have the option to assign the AM role to another person).

The AM:

- Reviews, signs, and returns the Profile Report upon its receipt in order to be granted full access to all WCMSAP functionality. (For Representative and Self account types.) Note: For Corporate and Professional Administrator account types, the AM will only be granted access after the Profile Report is signed and returned by the AR.
- Manages the WCMSAP account’s profile information and updates general account information.
- Submits new cases for the WCMSAP account they are associated with (Corporate account types only).
- Can view and update all cases for the WCMSAP account they are associated with (Corporate account types only).
• Can add or replace documentation to a specific case for the account.
  
  **Note:** Professional administrators can only add final settlement documents.

• Can upload WCMSA account transaction files and download response files (Professional Administrator account types only).

• Can submit attestations for accounts for which they are the administrator (Self and Representative account types, and beneficiaries logged in through MyMedicare.gov).

• Can invite other users to function as Account Designee (AD) and can be an AD in another account. (ADs are for Corporate, Professional Administrator, or Representative account types only.)

• Can associate an AD to cases.

• Can revoke an AD’s access to cases and/or an entire WCMSAP account.

• Can submit a single case, as an AM or as a Representative Payee (for Self account types only).

To replace an AM, the AR for Corporate or Professional Administrator accounts, or the original submitter for Representative accounts, must contact your Electronic Data Interchange (EDI) Representative.

### 2.3.3 Account Designee (AD) Role

At the organization’s discretion, an AM for Corporate, Representative, or Professional Administrator account types may invite other individuals, known as Account Designees (ADs), to have access to the WCMSAP for the AM’s account. Corporate and Professional Administrator accounts may have up to 200 ADs associated with one WCMSAP account; Representative accounts may have up to five.

**The AD:**

• Must register on the WCMSAP and obtain a login ID and password.

• Can be associated with multiple WCMSAP accounts but only if invited by the AM for those accounts.

• Can be an AM for other accounts.

• Can change their personal information on the WCMSAP.

• Cannot be an AR for any WCMSAP account.

• Cannot be the AM for the same WCMSAP account.

• Cannot invite other users to the WCMSAP account.

• Cannot update WCMSAP account information.

• Can submit new cases for a given WCMSAP account (Corporate and Representative account types only).

• Can perform case lookups and view cases that they are associated with (cases submitted by the AD or assigned to the AD by the AM).

  **Note:** Professional administrator account types can perform case lookups but will only be able to view case information, including the current WCMSA balance.

• Can update (append documentation to) a case that they have been associated with.

• Can replace documentation for cases that they have been associated with.

• Can upload WCMSA account transaction files and download response files (Professional Administrator account types only).
• Can access alerts for cases that they have been associated with (Corporate and Representative account types only).
• Can update WIP case information for cases that they have created or are associated with, as assigned by the AM.

AMs can add, remove, or delete ADs using the Designee Maintenance process, as outlined in Chapter 9. You can also change an AD into an AM by calling your EDI Representative (Section 2.4).

2.3.4 Login ID and Password Limits

Each user of the WCMSAP can have only one login ID and password. Unless previously registered, all registrants are directed to the WCMSAP URL to register for a Web Portal account. Users of the Mandatory Reporting (S111) application must use that same login ID and password to access the WCMSAP application.

2.4 Electronic Data Interchange (EDI) Representative Support

Users of the WCMSAP may need assistance with managing an account or managing their personal information within the application. If necessary, you may contact an EDI Representative for such assistance.

Contact an EDI Representative if:
• The Account ID and Personal Identification Number (PIN) letter is not received within two weeks (10 business days) after completing the New Registration step. The EDI Representative can resend the letter, allowing you to complete the account setup.
• Any of the information entered during initial registration must be changed after the initial registration letter has been received.
• You have any questions or problems regarding your account at any time during account setup.
• You forget your login ID and cannot remember the answers to your security questions. The EDI Representative can resend your login ID to your registered email address.
• You forget your password and cannot remember the answers to your security questions. The EDI Representative can generate a temporary password and send it to your registered email address.
• You incorrectly entered your PIN three times and locked the account. The EDI Representative can reset the PIN, unlocking the account.
• You have questions about case submission errors. The EDI Representative will work with you to understand the error and determine whether the case should be deleted and resubmitted or processed as submitted.
• You need to replace an AM or change an AD into an AM.

Contact the EDI Department by phone at 646-458-6740, or by email at COBVA@GHIMedicare.com. EDI Representatives are available to assist you Monday through Friday, excluding Federal holidays, from 9 a.m. to 5 p.m., Eastern Time.
The *Welcome* page is the portal to the WCMSAP for all Workers’ Compensation Medicare Set-Aside Arrangement (WCMSA) case functions. Before the case submission process can begin, the following steps must be taken, and are done using this page:

- For Corporate and Professional Administrator account types, the organization must be registered and given an Account ID.
- For Corporate and Professional Administrator account types, the Account Representative (AR) must be named.
- For Representative and Self account types, the submitter must register and receive an Account ID.
- The designated Account Manager (AM) must perform the Account Setup step for the Account ID.
- The AM must self-register, obtain a login ID, and create a password.

Once the Account ID account and all users are registered, the *Welcome* page is used to log in to the WCMSAP to manage the case submission process.

**Figure 3-1: Welcome to the WCMSAP Page**
3.1 Navigation Menu

The navigation menu at the top of each page gives the user access to various parts of the WCMSAP to facilitate using the application.

**Figure 3-2: Navigation Menu**

<table>
<thead>
<tr>
<th>About This Site</th>
<th>CMS Links</th>
<th>How To...</th>
<th>Reference Materials</th>
<th>Contact Us</th>
</tr>
</thead>
</table>

- **About This Site** navigates to the *How to Use This Site* link, offering general information on how to use the WCMSAP application.
- **CMS Links** provides links to the Workers’ Compensation Agency Services page, the Medicare website, and the Coordination of Benefits website.
- **How To** provides detailed information on performing the following functions:
  - Getting Started
  - Requesting your Login ID
  - Requesting your Password
  - Changing your Password
  - Resetting your Personal Identification Number (PIN)
  - Changing your AM
  - Changing your AR
  - Inviting Account Designees (ADs)
- **Reference Materials** provides a link to the WCMSAP User Manual (this guide).
- **Contact Us** displays information for contacting the Electronic Data Interchange (EDI) Department.

**Figure 3-3: Contact Us Message**

If you have a program or technical problem involving your WCMSAP submission, contact the EDI Department. EDI Representatives can help you find solutions for any questions, issues, or problems you have.

Call the EDI Department at (646) 458-6740 for assistance.
3.2 Bulletin Board

Bulletin board messages display on the WCMSAP Welcome page. These messages keep users informed of upcoming events, maintenance or other system-specific information.

Figure 3-4: WCMSAP Messages

<td>This space is reserved for system messages from the Coordination of Benefits Contractor. Check this location for important information regarding system outages, scheduled maintenance and special announcements.</td>
</tr>
</tbody>
</table>

3.3 New Registration

The designated AR must click on the New Registration button under Step 1 to complete and submit the registration information. It is critical that you provide the AR’s information (including email address) in this New Registration step and NOT the email address for someone you want to be a user of the WCMSAP (For Corporate and Professional Administrator accounts only. Users registering Representative and Self accounts are permitted to access the WCMSAP). Refer to Chapter 4 for more information on account registration.

3.4 Account Setup

After completion of the New Registration step, the Benefits Coordination & Recovery Center (BCRC) will mail a confirmation letter containing the Account ID and PIN to the AR (for Corporate and Professional Administrator accounts), or you (for Representative and Self accounts), along with instructions for setting up the account. The assigned AM should click the Account Setup button under Step 2 to finish the account setup using the Account ID and PIN, and to register themselves as the AM. (For Corporate and Professional Administrator accounts, the AM receives the Account ID and PIN from the AR.) Refer to Chapter 4 for more information on account setup and AM registration.

3.5 Account Login

After AMs and ADs have self-registered, and after AMs have completed the Account Setup process, AMs and ADs enter their login IDs and passwords in the Account Login fields to enter the WCMSAP and manage the case submission process. AMs can also perform AD maintenance.

Note: AMs and ADs cannot manage or create cases until the BCRC receives a valid, signed copy of the Profile Report. Refer to Chapter 10 for information on the AD self-registration process. Refer to Chapter 6 for more information about the login process, including information on the Forgot Login ID and Forgot Password links on the Welcome page.
4.1 New Registration

Before beginning the registration process, read this entire chapter and gather all necessary information. Once you have started registration you must complete the process. If you click Cancel or close the application at any point before registration is complete, your changes will NOT be saved, and all entered data will be lost.

It is critical that you provide accurate information in this step.

Starting from the Welcome page, you must provide basic information to start the registration process:

For Corporate and Professional Administrator Accounts:
- The Employer Identification Number (EIN) for the company
- Company name and mailing address
- Account Representative (AR) contact information (name, job title, address, email address, phone number)

For Representative Accounts:
- Representative contact information (name, social security number, mailing address, email address, phone)
- Beneficiary last name and first initial
- Beneficiary Social Security Number (SSN), Medicare ID (Health Insurance Claim Number [HICN] or Medicare Beneficiary Identification [MBI])
- Beneficiary date of birth
- Beneficiary gender

For Self Accounts:
- Contact information (name, mailing address, email address, phone)
- SSN or Medicare ID (HICN or MBI)
  The Medicare ID is also known as the Medicare Number to the Centers for Medicare & Medicaid Services’ (CMS’) Medicare beneficiaries.
- Date of birth
- Gender

It is imperative that all email addresses entered are correct.

To successfully register yourself or your organization and create an Account ID, follow the steps outlined below:

1. Go to https://www.cob.cms.hhs.gov/WCMSA/
   The Login Warning page appears, detailing the Data Use Agreement (DUA) (Figure 4-1).
   The Login Warning page can be printed by clicking the Print this Page link in the upper right of the page.
2. Review the DUA. To proceed, click the **I Accept** link at the bottom of the page. You will be denied access to the WCMSAP site if you click **I Decline**.

   The *Welcome to the WCMSAP* page appears (Figure 4-2).

**Figure 4-1: Login Warning Page**
3. Click the **New Registration** link.

The Select **Account Type** page appears (Figure 4-3). This page describes the differences between each account type.

**Corporate Account Type:** This submitter is registering as a corporate entity with an Employee Identification Number (EIN). Those registering as a Corporate account type will regularly submit WCMSAP requests.

**Representative Account Type:** This submitter is a non-corporate WCMSAP user. This submitter does not have an EIN but will be submitting multiple cases.

**Self Account Type:** This submitter is a Medicare beneficiary or a claimant who has a reasonable expectation of becoming a Medicare beneficiary within 30 months and is submitting a case on their own behalf. The registrant can only submit cases for themselves.

**Professional Administrator Account Type:** This submitter is registering as a corporate entity with an EIN. Those registering as a Professional Administrator account type will regularly submit Workers’ Compensation Medicare Set-Aside Arrangement (WCMSA) account transactions.

4. Select an account type and click **Next**. The next page that appears depends on the account type selected.
4.1.1 Corporate and Professional Administrator Account Types

For Corporate account types, the Corporate Information page appears (Figure 4-4) and for Professional Administrator account types, the Professional Administrator Information page appears (Figure 4-5). (The fields on these pages are identical.)

1. Enter the corporation’s EIN and mailing address on this page. This address will be used to send the Profile Report and any correspondence from the Benefits Coordination & Recovery Center (BCRC) regarding this Account ID. Fields marked with an asterisk (*) are required.

2. Enter the requested information then click the Next button.

   The Account Representative (AR) Information page appears (Figure 4-6). This page captures information related to the AR. As the AR, you must enter your personal information on this page. Note: An AR can only have that one role; the AR cannot function as an Account Manager (AM) or an Account Designee (AD). Email addresses for each user role will be verified upon entry, and any address matches between AM, AD, and AR roles will be denied. Fields marked with an asterisk (*) are required.

3. Enter the required information then click Next.

   The Registration Summary page appears (Figure 4-7). This page lists all the information that was previously entered. All information should be reviewed and verified before continuing.

**Next Steps**

Within two weeks, a letter will be mailed to you, the AR, that contains the Account ID and PIN, along with instructions for setting up the account (to be completed by the AM). Refer to Chapter 16 for a sample mailing. If a letter is not received within ten business days, contact an Electronic Data Interchange (EDI) Representative.

Once the AM has completed the account setup, an email notification will be sent to you, including a Profile Report denoting all information previously recorded during registration, and any additional information provided during the account setup. Refer to Chapter 16 for a sample notification email and Profile Report. It may take up to ten business days to receive the Profile Report.

You will have 60 business days to review, sign, and return the Profile Report to the BCRC. When returning the signed Profile Report via email, use “WCMSAP Profile Report” in the subject line.

If a signed Profile Report is not received within that timeframe, the account will be automatically deleted on the 60th business day. If the account is deleted, you must start the registration process from the beginning.

Refer to Chapter 5 for more information on completing the account setup.

**4.1.2 Representative Account Type**

For Representative account types, the *Representative Information* page appears (Figure 4-9).

1. Enter your personal information on this page.

   The address you enter on this page will be used to send the Profile Report and any correspondence from the BCRC regarding this Account ID. Fields marked with an asterisk (*) are required.
2. Enter the required information then click the **Next** button.

   The *Beneficiary Information* page appears (Figure 4-10).

3. Enter information on this page for a beneficiary associated with the case(s) that will be created using this Account ID.

   Fields marked with an asterisk (*) are required.

4. Enter the required information then click **Next**.

   The *Registration Summary* page appears (Figure 4-11). This page lists all the information that was previously entered. All information should be reviewed and verified before continuing.

### Figure 4-11: Registration Summary Page

5. Verify that all information is correct.

6. To make any corrections, click the **Edit** button next to the proper section to return to that page. Once all corrections have been made, click **Next** at the bottom of that page to navigate back to the **Summary** page. After you have returned to the **Registration Summary** page, click the **Submit Registration** button.

   Click **Previous** to return to the **Beneficiary Information** page.

   After you click **Submit Registration**, the **Thank You** page appears, outlining the next steps in the registration process (Figure 4-12).

7. Click the **Workers’ Compensation Medicare Set-Aside Welcome Page** link to return to the **Welcome** page.
Within two weeks, a letter will be mailed to you that includes the Account ID and PIN, along with instructions for setting up the account (to be completed by the AM). Refer to Chapter 16 for a sample mailing. If a letter is not received within 10 business days, contact an EDI Representative.

Once you have completed the account setup, an email notification will be sent to you, including a Profile Report denoting all information previously recorded during registration and any additional information provided during the account setup. Refer to Chapter 16 for a sample notification email and Profile Report. It may take up to 10 business days to receive the Profile Report.

You will have 60 business days to review, sign, and return the Profile Report to the BCRC, who is listed on the report. When returning the signed Profile Report via email, use “WCMSAP Profile Report” in the subject line.

If a signed Profile Report is not received within that timeframe, the account will be automatically deleted on the 60th business day. If the account is deleted, you must start the registration process from the beginning.

Refer to Chapter 5 for more information on completing the account setup.

4.1.3 Self Account Type

For Self account types, the Beneficiary/Claimant Information page appears (Figure 4-13).

1. Enter your personal information on this page.

   The information you enter on this page is for the beneficiary or claimant associated with the case that will be created using this Account ID, and the address entered will be used to send the Profile Report and any correspondence from the BCRC regarding this Account ID.

   Fields marked with an asterisk (*) are required.

2. Enter the required information then click Next.
The *Registration Summary* page appears (Figure 4-14). This page lists all the information that was previously entered. All information should be reviewed and verified before continuing.

**Figure 4-15: Thank You Page**

Next Steps

Within two weeks, a letter will be mailed to you that contain the Account ID and Personal Identification Number (PIN), along with instructions for setting up the account (to be completed by the AM). Refer to Chapter 16 for a sample mailing. If a letter is not received within 10 business days, contact an EDI Representative.

Once you have completed the account setup, an email notification will be sent to you, including a Profile Report denoting all information previously recorded during registration and any additional information provided during the account setup. Refer to Chapter 16 for a sample notification email and Profile Report. It may take up to 10 business days to receive the Profile Report.

You will have 60 business days to review, sign, and return the Profile Report to the BCRC. When returning the signed Profile Report via email, use “WCMSAP Profile Report” in the subject line.

If a signed Profile Report is not received within that timeframe, the account will be automatically deleted on the 60th business day. If the account is deleted, you must start the registration process from the beginning.

Refer to Chapter 5 for more information on completing the account setup.
Chapter 5: Account ID Setup & Account Manager Registration

5.1 Account Setup

Corporate and Professional Administrator Account Types:

Upon receipt of the mailed Account ID and Personal Identification Number (PIN), the Account Representative (AR) must provide the information to the designated Account Manager (AM), who must then access the WCMSAP to complete the account setup process.

Representative Account Types:

Upon receipt of the mailed Account ID and PIN, you can provide the information to a designated AM, or assign yourself to the AM role. The AM must then access the WCMSAP to complete the account setup process.

Self Account Types:

By default, you will be the AM for this Account ID. Once you have received the Account ID and PIN in the mail, you must return to the WCMSAP site to complete the account setup process.

All Account Types:

The following section details the information that must be entered by the AM. Contact the Electronic Data Interchange (EDI) Department if you have any questions or problems regarding the Account ID at any time during account setup. To successfully set up the WCMSAP account and register yourself as the AM, follow the steps outlined below.

2. The Login Warning page appears, detailing the Data Use Agreement (DUA). See Figure 4-1. The Login Warning page may be printed by clicking the Print this Page link in the upper right of the page.

3. Review the DUA. To proceed, click the I Accept link at the bottom of the page. You will be denied access to the WCMSAP site if you click I Decline.

   The Welcome page appears (Figure 4-2).

4. Click the Account Setup button.

   The Account Setup Intro page appears, Figure 5-1. This page describes what steps you will be taking in the account setup process, and informs you of your duties as the AM.
5. Read the introduction then click **Next** to continue with the account setup process.

   The *Account Setup* page appears. Enter the Account ID and PIN. You must also enter your email address. All fields are required.

   **Note:** If the email address you enter here is found in the system, you will be prohibited from continuing the account setup process.

6. Enter the required information then click the **Next** button.

5.1.1 Corporate and Professional Administrator Account Types

After all information has been verified by the system, the **Account Setup – Company Information** page appears (for Corporate account types) and the **Account Setup – Professional Administrator** page appears (for Professional Administrator account types). This page displays information entered during the initial registration process.

Review the listed information and click the **Next** button. If any of the listed information is incorrect, contact an EDI Representative to have it corrected.
5.1.2 Representative Account Type

After all information has been verified by the system, the *Account Setup (Representative Information)* page appears (Figure 5-4). This page displays information entered during the initial registration process.

Review the listed information and click the **Next** button. If any of the listed information is incorrect, contact an EDI Representative to have it corrected.
5.1.3 **Self Account Type**

After all information has been verified by the system, the *Account Setup (Self/Beneficiary Information)* page appears. This page displays information entered during the initial registration process.

Review the listed information and click the **Next** button. If any of the listed information is incorrect, contact an EDI Representative to have it corrected.

---

**Figure 5-5: Account Setup (Self/Beneficiary Information) Page**

![Account Setup (Self/Beneficiary Information) Page]

5.2 **Account Manager (AM) Self-Registration**

The Account Manager (AM) controls the administration of a WCMSAP account. The AM has the following responsibilities:

- Reviews, signs, and returns the Profile Report upon its receipt in order to be granted full access to all WCMSAP functionality. (For Corporate and Professional Administrator accounts, the AR signs the Profile Report.)
- Manages the WCMSAP account’s information and updates general account information.
- Invites other users to function as Account Designees (ADs). ADs are for Corporate, Professional Administrator, or Representative accounts only.
- Associates ADs to cases.
- Revokes AD’s access to cases and/or an entire WCMSAP account.
- Can submit new cases for the WCMSAP account they are associated with.
- Can view and update all cases for the WCMSAP account they are associated with.
- Can add or replace documentation in a specific case for the WCMSAP account they are associated with.
- Submits a single case, for themselves or as a Representative Payee (for Self accounts only).

Your personal information must be entered at this point to register yourself as the AM.
1. Click **Next** on the applicable *Information* page.

   The *Account Manager Personal Information* page appears. The information you enter here is required for subsequent communications.

**Figure 5-6: Account Manager Personal Information Page**

![Account Manager Personal Information](image)

You must read the User Agreement provided in the scrolling box. To accept the agreement, click the checkbox. You must accept and agree to the terms of the User Agreement in order to continue through the registration process.
2. Enter the required personal information, accept the User Agreement; then click Next.

For Representative accounts, all fields will be populated with the contact information you entered earlier if you click the Same as Submitter button (This button does not display for Corporate, Professional Administrator, or Self accounts.). For Self accounts, all fields will be automatically populated with the contact information you entered earlier.

Note: You can register as an AM for an account if you are already a registered Medicare, Medicaid, and SHIP Extension Act 2006 (MMSEA) Mandatory Reporting user.

If you are a new user, the Account Manager Login Information page appears (Figure 5-7). This page allows you to set up a Login ID and Password using the guidelines listed below. Additionally, you must select two Security Questions. (If you are not a new user, this page will not appear.)

- Login IDs must be seven characters
- Login IDs must be in the format of AA999AA (first two alphabetic, next three numeric, last two alphabetic)
- Login ID and Password cannot be the same
- Password must be changed every 60 days.
- Password must consist of at least eight characters.
- Password must contain at least one uppercase letter, one lowercase letter, one number and one special character.
- Password must contain a minimum of four changed characters from the previous password.
- Password cannot be changed more than once per day.
- Password must be different from the previous six passwords.
- Password cannot contain a reserved word:
  PASSWORD, WELCOME, CMS, HCFA, SYSTEM, MEDICARE, MEDICAID, TEMP, LETMEIN, GOD, SEX, MONEY, QUEST, 1234, F20ASYA, RAVENS, REDSKIN, ORIOLES, BULLETS, CAPITOL, TERPS, DOCTOR, 567890, 12345678, ROOT, BOSSMAN, JANUARY, FEBRUARY, MARCH, APRIL, MAY, JUNE, JULY, AUGUST, SEPTEMBER, OCTOBER, NOVEMBER, DECEMBER, SSA, FIREWALL, CITIC, ADMIN, UNISYS, PWD, SECURITY, 76543210, 43210, 098765, IRAQ, OIS, TMG, INTERNET, INTRANET, EXTRANET, ATT, LOCKHEED, LOCKH33D, SOCIAL, FACEBOOK, YOUTUBE, WINDOWS, STEELERS, PATRIOTS, COMPUTER, DILBERT, MONDAY, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY, SATURDAY, SUNDAY, SPRING, SUMMER, AUTUMN, FALL, WINTER, BACKUP, BUSINESS, FALCONS, BRONCOS, EAGLES, PANTHERS, DOLPHINS, JAGUARS, CHIEFS, TEXANS, RAMS, BEARS, BROWN, LIONS, BENGALS, COWBOYS, CARDINALS, CHARGERS, RAIDERS, SAINTS, REDSOX, YANKEES, PIRATES, PHILLIES, HHS, BRAVES, NATIONAL, UNITED, STATES, TWITTER, MITRE, MARLINS, OILERS, WHITESOX, CUBS, DODGERS, GIANTS, ANGELS, DEVILS, DIAMOND, SEATTLE, HOLLYWOOD, ARIZONA, ALABAMA, ALASKA, ARKANSAS, COLORADO, DELAWARE, FLORIDA, GEORGIA, HAWAII, IDAHO, ILLINOIS, INDIANA, IOWA, KANSAS, KENTUCKY, MAINE, MARYLAND, MICHIGAN, MISSOURI, MONTANA, NEBRASKA, NEVADA, LASVEGAS, NEWYORK, OHIO, OKLAHOMA, OREGON, UTAH, VERMONT, VIRGINIA, WYOMING, ATLANTIC, PACIFIC, SANFRAN, REGIONAL, MACS, EDC, BOSTON, ATLANTA, CMSNET, MDCN, TAMPA, MIAMI, STLOUIS, CHICAGO, DETROIT, DENVER, HOUSTON, DALLAS, INDIANS, TIGERS, ROYALS, BREWERS, TWINS, MARINERS, RANGERS, BLUEJAYS, ROCKIES, ASTROS, PADRES, LAPTOP, MODEM, DELL, SOLARIS, UNIX, LINUX, IBM, ROUTER, SWITCH, SERVER, STAFF,
3. Using the posted guidelines, create a Login ID, and enter and re-enter a Password. Select two Security Questions and Answers and click the Next button.

You will use your Login ID and Password to enter the WCMSAP site and manage the account, manage designees, create and view cases, and upload file attachments. The Security Questions will allow you to access your Login ID and reset your Password in the event you forget either one.

The Account Manager Summary page appears. This page lists information that was previously entered during the account setup process. All information should be reviewed and verified before continuing.
4. Verify that all information is correct. To make any corrections, click the **Edit** button next to the proper section to return to that section. Once all corrections have been made, click **Next** at the bottom of that page to navigate back to the *Summary* page. After you have returned to the *Account Manager Summary* page, click the **Submit Account Setup** button.

   Click **Previous** to return to the *Account Manager Login Information* page.

   After you click **Submit**, the *Thank You* page appears (Figure 5-9 or Figure 5-10), outlining the next steps in the account setup process.

5. Click the **Workers’ Compensation Medicare Set-Aside Welcome Page** link to return to the *Welcome* page.
You have successfully setup the account and registered yourself as the AM. As the AM, you control the administration of the WCMSAP account. You will receive a Profile Report from the BCRC via email, which must be reviewed for accuracy then signed and returned to the BCRC. You cannot submit, view, or create cases until the signed Profile Report is received by the BCRC. After the report has been received by the BCRC, you can login to the account to maintain account and case information, upload and replace documents, submit cases, and manage Designee access.

You may choose to manage the entire account or you may invite other company employees to assist as ADs (Corporate, Professional Administrator, and Representative accounts only).

To add Designees to a WCMSAP account, you must login to the WCMSAP site using the Login ID and Password you created during the Account Setup process. Refer to Chapter 9 for the steps you must take as the AM to invite users to be AD. Refer to Chapter 10 for details about the AD self-registration process, once they have received an invitation email from the BCRC and after you have added them to your account.
5.3 Profile Report

Upon completion of all information for the account setup, an email notification will be sent to you and the AR (for Corporate and Professional Administrator accounts), or to you only (for Representative and Self accounts). The email will also include a Profile Report, noting all information previously recorded during registration and any additional information provided during the account setup. Refer to Chapter 16 for a sample notification email and Profile Report. It may take up to 10 business days to receive the Profile Report. Contact the EDI Department if you do not receive a Profile Report after 10 business days.

You or the AR will have 60 business days to review, sign, and return the Profile Report to the BCRC. When returning the signed Profile Report via email, use “WCMSAP Profile Report” in the subject line.
6.1 Log In to the WCMSAP Site

   The Login Warning page appears, detailing the Data Use Agreement (DUA). See Figure 4-1.

2. Review the DUA. To proceed, click the I Accept link at the bottom of the page. You will be denied access to the WCMSAP site if you click I Decline.
   The WCMSAP Welcome page appears.

3. Enter your login ID in the User Name field and your password in the Password field and click Login.
   For Self account users, the WCMSAP Home page appears. This page functions as the main processing page to initiate any WCMSAP functions. Refer to Chapter 7 for more information about the Home page.
   For Corporate, Professional Administrator, and Representative account users, the Account List page appears (Figure 6-2). Select an account ID from the list to display the WCMSAP Home page for that account.

Figure 6-1: WCMSAP Home Page (Self Account)
Figure 6-2: WCMSAP Account List Page ("home" for non-Self accounts)

1. On the Welcome page, click the Forgot ID link in the Account Sign-In box.
   
   The Forgot Login ID page appears.

2. Enter your email address and click Continue.

Figure 6-3: Forgot ID Link
Figure 6-4: Forgot Login ID Page

The page then re-displays with the two Security Questions you selected during the registration process, (Figure 6-5).

4. Correctly answer each of your pre-selected Security Questions then click the **Continue** button.
   - If the information you entered is correct, your login ID will be sent via email.
   - If you receive an error indicating that the answers are incorrect, check your answers and re-enter. If you cannot remember the answers to your Security Questions, contact an Electronic Data Interchange (EDI) Representative.
   - The **Thank You** page appears if your answers are correct (Figure 6-6). This page confirms that you have successfully requested your login ID.

5. Click the **Workers’ Compensation Medicare Set-Aside Welcome Page** link to return to the **Welcome** page.
   - You will then receive an email containing your login ID. After receipt of the email, return to the WCMSAP site and log in using your login ID and password. If you do not receive an email within 24 hours, contact an EDI Representative.

Figure 6-5: Forgot Login ID Page (Security Questions)
6.2 Forgot Password

1. On the Welcome page, click the Forgot Password link, in the Account Sign-in box. The Forgot Password page appears.

2. Enter your Login ID and click Continue.

The page then displays with the two Security Questions you selected during the registration process (Figure 6-9).

Figure 6-7: Forgot Password Link

Password: 

Forgot Password

Figure 6-8: Forgot Password Page
3. Correctly answer each of your pre-selected Security Questions then click the **Continue** button.
   
   If the information you entered is correct, your new temporary password will be sent via email. If you receive an error indicating that your answers are incorrect, check your answers and re-enter. If you cannot remember the answers to your Security Questions, contact an EDI Representative. The *Thank You* page appears if your answers are correct, indicating that the system has generated a temporary password and sent it to your registered email address (Figure 6-10). If you do not receive an email within 24 hours, contact an EDI Representative.

4. Click the **Workers’ Compensation Medicare Set-Aside Welcome Page** link to return to the *Welcome* page.

You must change your temporary password the next time you log into the WCMSAP. Refer to the Change Password section in Chapter 8 for more information.

**Figure 6-9: Forgot Password Page (Security Questions)**

![](image)

**Figure 6-10: Thank You Page (Reset Password)**

![](image)
Chapter 7: WCMSAP Home Page

For Self submitters, the *WCMSAP Home* page is the first page displayed after a successful login. This page functions as the main processing page to initiate all WCMSAP functions. In addition to the original Navigation Menu options, a **Log Off** link appears, which will log you out of the WCMSAP and return you to the *Login Warning* page.

The *Home* page gives you access to all functions in the WCMSAP. From this page you can:

- Update your Personal Information (your name, address, email, phone)
- Update Account Information (organization name, address, email, phone; Account Manager (AM) function only)
- Manage Account Designees (ADs) (AM function for Corporate, Professional Administrator, and Representative accounts only)
- View Account Activity
- Change Password
- Create a New Case (except Professional Administrator accounts)
- Search for an Existing Case
- Submit a Work-In-Progress (WIP) case (except Professional Administrator accounts)
- Add or replace files on a submitted case
  **Note:** Professional administrators can only add final settlement documents.
- Manage Designee access to cases
- Request case access (Professional Administrator accounts)
- View Case Alerts (except Professional Administrator accounts)
- Submit attestations (Self and Representative accounts)
- View summary information about Workers’ Compensation Medicare Set-Aside Arrangement (WCMSA) balances for your cases (Professional Administrator accounts)
- Upload WCMSA account transaction files and download response files (Professional Administrator accounts)
For Corporate, Professional Administrator, and Representative account users, the *Account List* page functions as your home page. From the *Account List* page, you can update your personal information or change your password. AMs can access additional functions under the *Account Settings* menu (Update Account Information, Designee Maintenance (for Corporate, Professional Administrator, and Representative accounts only), and View Account Activity).

To access all other features of the site, select an Associated Account ID from the list.
Figure 7-2: WCMSAP Account List (“home” for non-Self accounts) Page (AD)
Chapter 8: Account Settings

Access to functions in the *Account Settings* box is limited by user role:

**Account Managers (AMs)**
- Update Personal Information
- Update Account Information
- Designee Maintenance (Corporate, Professional Administrator, and Representative accounts only)
- View Account Activity
- Change Password

**Account Designees (ADs)** (Corporate, Professional Administrator, and Representative account types)
- Update Personal Information
- View Account Activity
- Change Password

The *Account Settings* box also changes for AMs based on your location within the portal. The box includes links to Update Personal Information, View Account Activity, and Change Password on the *Account List* page, and shows the complete set of options on the *Home* page after you’ve selected an account ID. For ADs, the box will always contain the listed links.

### 8.1 Update Personal Information

Your personal information is recorded during your initial registration process. However, this information can be updated and changed, if necessary.

1. Click the **Update Personal Information** link in the *Account Settings* box.
   
   The *Update Personal Information* page appears (Figure 8-2).

2. Your current personal information is displayed, with all fields except Date of Birth open for editing. After making any necessary changes, click the **Next** button.
   
   The *Personal Information Update Confirmation* page appears, showing the updated information (Figure 8-3).

3. Click the **Return to Home** button to return to your homepage.
   
   The system then sends you an email, indicating that your personal information has been changed.
Figure 8-1: Account Settings Box

Figure 8-2: Update Personal Information Page
8.2 Update Account Information

1. On the Home page, click the Update Account Information link in the Account Settings box. (AMs only) (Figure 8-4).

   The Update Corporate Information page (Figure 8-5) or the Update Professional Administrator Information page (identical except for page name) appears. Your account’s mailing and contact information is displayed on this page. You can also update your Account Representative (AR) contact information or replace them with another person.

2. To make any corrections, click the Edit button next to the proper section to return to that section. Once all corrections have been made, click Next at the bottom of that page to navigate back to the Update Corporate Information page or Update Professional Administrator Information page.

3. After you have returned to the update page, click the Next button (Corporate accounts) or the Submit Update button (Professional Administrator accounts).

   The Corporate Information Update Confirmation page or the Professional Administrator Information Update Confirmation page appears, showing what information has been updated (Figure 8-6).

4. Click the Return to Home button to return to the Account List page. The system then sends you an email, indicating that the account information has been changed.
Figure 8-4: Account Settings Box

Figure 8-5: Update Corporate Information Page
8.3 View Account Activity

All activity performed for an Account ID can be reviewed. The system provides an Account Activity history page that lists Activity Date, Description, and User. Typical activity recorded includes:

- Initial Registration
- Account Setup (Account Manager Registration)
- Designee Invitation
- Add Designee
- Delete Designee
- Update Account Information
- Case Submitted
- Document Replaced
- Submitted Workers’ Compensation Medicare Set-Aside Arrangement (WCMSA) Attestation
- Submitted WCMSA Transaction File

Take the following steps to view account activity:

1. Click the **View Account Activity** link in the **Account Settings** box.
   
   The **Account Activity** page appears (Figure 8-8).

2. After reviewing account activity history, click the **Return to Home** button to go back to your home page.
Figure 8-7: Account Settings Box

8.4 Change Password

The system requires you to change your password every 60 days. The following details the steps to successfully change your password, whether it has expired or it is a temporary password issued after you completed the Forgot Password process. Your password can only be changed once every 24 hours.

1. Click the Change Password link in the Account Settings box (Figure 8-9).
   The Change Password page appears (Figure 8-10).
2. Enter your current or temporary password, as applicable.
3. Enter and re-enter a new password following the listed guidelines.
   If you received a temporary password from an EDI Representative, then review your security questions. You can elect to keep or change your questions and answers.
4. Click Continue.
   The Change Password Confirmation page appears (Figure 8-11).
5. Click Continue to return to your home page. Use your new password the next time you log into the WCMSAP.

**Figure 8-10: Change Password Page**

Choose your password carefully.

- Password must be changed every sixty (60) days.
- Password cannot contain your Login ID.
- Password must consist of at least eight (8) characters.
- Password must contain at least one upper-case letter, one lower-case letter, one number and one special character.
- Password must be different from the last twenty four (24) passwords.
- Password must contain a minimum of four (4) changed characters from the previous password.
- Password cannot be changed more than once per day.
- Password cannot contain a reserved word (See Help About This Page for a complete list).

An asterisk (*) indicates a required field.

![Change Password Page](image)

**Figure 8-11: Change Password Confirmation Page**

You have successfully changed your password. You will be required to use the new password on your next login attempt.

![Change Password Confirmation Page](image)
Chapter 9: Designee Maintenance

For Corporate, Professional Administrator, and Representative accounts, the Account Manager (AM) may designate one or more Account Designees (ADs) to assist with case submission and management. The AM can perform the following Designee Maintenance functions:

- Add an AD
- Delete an AD
- Edit information for an unregistered AD
- Regenerate an invitation email with a token link for an AD’s registration

9.1 Add a Designee

1. On the Account List page, select an account from the list, then click the Designee Maintenance link in the Account Settings box.

   The Designee Listing page appears, with the total number of ADs, their names, and their associated statuses (Pending, Active, Locked, Expired, Revoked) listed (Figure 9-2).

   Note: The Last Name, Account Status, and Last Login Date fields are sortable. The Last Login Date list automatically sorts blank values to the top.

2. To print the Designee Listing page, click the Print this Page icon in the upper right corner. To return to the Account List page without making any changes, click the Return to Home button.

3. To add an AD, click the Add a Designee button under the Account Designee List. The Designee Information page appears (Figure 9-3).

Figure 9-1: Account Settings Box
Enter and re-enter the email address of the AD you wish to invite and click Next. Or click Previous to return to the Designee Listing page without adding an AD.

The system then verifies that the entered email address is not in the database for an existing user. An existing, registered user can be an AD for your Account ID as long as they are not already registered as an AR for any Account ID, or the AM for the same Account ID.

If the entered email address is found in system (if the invited AD is already a registered user), the Designee Invitation page appears (Figure 9-4).

If the information you entered is for the AD you intended to invite, click Next to continue. Otherwise, click Cancel.
The Designee Confirmation page appears, indicating that the invited AD has been sent an email notifying them that they have been added to this Account ID and will be able to access it the next time they log in to the WCMSAP (Figure 9-5).

**Figure 9-4: Designee Invitation Page**

![Designee Invitation Page](image)

**Figure 9-5: Designee Confirmation Page**

![Designee Confirmation Page](image)

6. Click the Return to Home button to go back to the Account List page, or click Next to go to the Designee Listing page.

   If you click Next, the Designee Listing page reappears with the new AD listed, with the status of “Active.”

7. **If the entered email address is NOT found in the system**, the Designee Invitation page appears (Figure 9-7). Enter the invited Designee’s First Name, Last Name, create a passphrase, and then click Next. The passphrase should be a short case-sensitive phrase of your creation.

**Figure 9-6: Designee Listing (Active Status)**

![Designee Listing Page](image)
8. Enter a word or words up to 30 characters. After you complete the invitation process, contact your AD and provide them with the passphrase. They will need to enter it exactly as you did when they follow the link in their invitation email to register for the WCMSAP.

This ensures that only the people you invite will have access to your account. Do not share this passphrase with anyone else. It will not be sent to the AD in the invitation email. You must give it to them outside the system.

9. After clicking **Next**, the **Designee Confirmation** page appears (Figure 9-8).

This page indicates that the invited AD has been sent an email notifying them that they have been added to this Account ID and must use the token link in that email, in addition to the passphrase you provide them, to register for the WCMSAP and access this Account ID.

The invitation email will come from **COBVA@GHIMedicare.com**. Inform your AD to allow email deliveries from this address.

10. Click the **Return to Home** button to go back to the **Account List** page, or click **Next** to go to the **Designee Listing** page.

If you click **Next**, the **Designee Listing** page reappears with the new AD listed, with the status of “Pending” (Figure 9-9).
9.2 Delete a Designee

Note: To help determine which currently active designees should be deleted because of long inactivity on an account, select one of the filter options on the Last Login Date field on the Designee Listing page. The filter range values include:

- 0-14 days inactive
- 15-29 days inactive
- 30-44 days inactive
- 45+ days inactive

On the Designee Listing page, click the Delete icon [X] next to the AD you wish to delete from the account.

The Delete Designee Confirmation page appears (Figure 9-11).

If you do not want to delete the selected AD, click Cancel to return to the Designee Listing page, which will show the AD still listed with their status unchanged.

If you do want to delete the selected AD, click Continue.

The system disassociates the AD from the account and re-displays the Designee Listing page without the AD who was just deleted. This removes the AD from this Account ID only, but they will retain access to any other Account ID with which they are currently associated.
9.3  Edit Designee Information

An AM can edit personal information for ADs in “Pending” status. ADs in “Pending” status have not yet registered on the WCMSAP. AMs can only view personal information for ADs in “Active” status.

1. On the Designee Listing page (Figure 9-12), click the last name of the AD whose information you wish to update.

   Note: The Last Name field is a searchable and filterable column: click the arrows in the header to sort or reverse the sort order; type a search term into the box at the top of the column to filter for names beginning with that value. Blank fields will default to the top.

   The Update Designee Information page appears, with the AD’s personal information open for editing (Figure 9-13).

2. Make the necessary changes and click Next.

   The Designee Listing page refreshes with the AD’s information updated.
9.4 Regenerate Invitation Email

When the AM invites a person to be an AD, an email is generated and sent to the intended AD informing them of the invitation, and includes a token link for them to access the WCMSAP site and self-register as an AD.

If the intended AD has misplaced or deleted the invitation email, or if the AD has not registered within 30 days, the AM can regenerate the invitation email, allowing the intended AD to self-register.

The previously generated token link will not work once a new email is generated. Invitation emails can only be regenerated for ADs in Pending status. The email will come from COBVA@GHIMedicare.com. Inform your AD to allow email deliveries from this address.

1. On the Designee Listing page, click the last name of the preferred AD (Figure 9-14).

   Note: The Last Name field is searchable and filterable. Blank fields will default to the top.

   The Update Designee Information page appears, with the AD’s personal information open for editing (Figure 9-15).

2. Check the Regenerate token checkbox beneath the AD’s personal information then click Next.

   The Designee Listing page reappears, with the AD’s information unchanged. However, the system re-generates the invitation email and sends it to the email address registered for the AD.
Figure 9-14: Designee Listing (Regenerate Email)

![Designee Listing (Regenerate Email)](image)

Figure 9-15: Update Designee Information Page

![Update Designee Information Page](image)
Chapter 10: Account Designee Registration

Account Designees (ADs) are optional users associated with an Account ID, who assist the Account Manager (AM) in managing a Corporate, Professional Administrator, or Representative account. As a Designee, you will be able to perform most of the functions on the site, including submitting cases, but will not be able to invite additional users to be associated with the Account ID or company information.

ADs are assigned by the AM. After the AM adds you to an account, the system sends you an invitation email, containing a specific URL. It is necessary for you to use this URL, as it contains a specific token which grants access to the registration site. You will also verbally receive a passphrase from the AM, which must be entered during the registration process. The token link becomes inactive after 30 days of non-use, so it is imperative to register as soon as possible after receiving the invitation email.

As an AD, you register yourself on the WCMSAP, using the information contained in the system-generated email sent and the passphrase given to you by the AM. You will only go through this process once, as you need only one login ID no matter how many account IDs you will ultimately work with.

To successfully register yourself as an AD, follow the steps outlined below.

1. Click on the token URL provided in the email sent by the Benefits Coordination & Recovery Center (BCRC). The email will come from COBVA@GHIMedicare.com. You must allow email deliveries from this address.
   The Login Warning page appears, detailing the Data Use Agreement (DUA) (Figure 4-1).

2. Review the DUA. To proceed, click the I Accept link at the bottom of the page. You will be denied access to the WCMSAP registration process if you click I Decline.
   The Designee Registration page appears (Figure 10-1).

3. The Designee Registration page informs you that you have been assigned as an AD for the listed Account ID. Enter the passphrase given to you earlier by the AM, check the I Accept box beneath the User Agreement, and click the Next button.
   The Designee Personal Information page appears (Figure 10-2).
   Note: The passphrase is case-sensitive. Enter it exactly as it was given to you.
Figure 10-1: Designee Registration Page

Designee Registration

You have been assigned as a Designee to the following account:

Corporate Name: AAAAAAAAA
Account Manager Information:
FIRST LAST
AAAAAAAAAA
AAAAAAAAAAAA AA ####
EIN/TIN: ********
Telephone: ****
Email: AAAAAAAA

To set up a Login ID for you to act as a Designee, you will need the pass-phrase created by the Account Manager.

If you do not have the pass-phrase, please contact the above Account Manager.

If you have already registered, please visit the Workers’ Compensation Medicare Set-Aside Welcome Page at https://www.ead.cms.hhs.gov/WCMSA to login.

Enter the pass-phrase:

You must read the User Agreement provided in the scrolling box. To accept the agreement, click the checkbox. You must accept and agree to the terms of the User Agreement in order to continue through the registration process.

User Agreement

THE FOLLOWING DESCRIBES THE TERMS AND CONDITIONS BY WHICH THE CENTERS FOR MEDICARE MEDICARE SERVICES (CMS) OFFERS YOU ACCESS TO THE COORDINATION OF BENEFITS (COB) SECURE WEB SITE

You must read and accept the terms and conditions contained in this User Agreement and be able to print them out before you may access the COB Secure Web site.

Please check the following box:

I accept the User Agreement and Privacy Policy above

Previous Next
4. Enter the requested information and click the **Next** button.

   The *Designee Login Information* page appears (Figure 10-3).

5. Select two Security Questions and set up a login ID and password (using the following guidelines):
   - Login IDs must be seven characters.
   - Login IDs must be in the format of AA999AA (first two alphabetic, next three numeric, last two alphabetic).
   - Login ID and password cannot be the same.
   - Password must be changed every 60 days.
   - Password must consist of at least eight characters.
   - Password must contain at least one uppercase letter, one lowercase letter, one number and one special character.
   - Password must contain a minimum of four changed characters from the previous password.
   - Password cannot be changed more than once per day.
   - Password must be different from the previous six passwords.
   - Password cannot contain a reserved word (see Section 5.2 for the list).
6. Enter the required information and click the Next button.

The Designee Summary page appears (Figure 10-4). The page provides a summary of all the information you have entered.

7. To make any corrections, click the Edit button next to the proper section to return to that section. Once all corrections have been made, click Next at the bottom of that page to navigate back to the Designee Summary page. After you have returned to the Designee Summary page, click the Submit Registration button.

The Thank You page appears (Figure 10-5).

8. Click the Workers’ Compensation Medicare Set-Aside Welcome Page link to go to the WCMSAP Welcome page to log in to the site and manage account information.

You have successfully completed self-registration on the WCMSAP site.
Figure 10-4: Designee Summary Page

Designee Summary

Please review your personal and login information. If you need to change the information, click the ‘Edit’ button. If you are satisfied with the information click the ‘Continue’ button to submit your information. Click ‘Cancel’ to cancel the setup process, all data will be lost. Print this page for your records.

First Name: FIRST M. Last Name: LAST
E-Mail Address: AAAAAAAAAA
Phone: 🔜 ext.

Mailing Address:

Address Line 1: AAAAAAAAAA
Address Line 2: AAAAAAAAAAAA
City: AAAAAAAAAA
State: AAAAAAAAAA
Zip Code: 1111

Logon ID: AA123bb
Login ID: E°

Submit Registration

Figure 10-5: Designee Thank You Page

Thank You

You have successfully completed registration for the Workers’ Compensation Set-Aside Web site and established yourself as a Designee for the Account ID. Please print this page for your records.

Next Steps

You may now return to the Workers’ Compensation Set-Aside Web site welcome page, log-in using the Logon ID and Password you just created to access accounts associated with your ID.

You can visit the Workers’ Compensation Medicare Set-Aside welcome page at https://www.cob.cars.hhs.gov/WCMSAV
Chapter 11: Create a New Case

11.1 Case Creation Overview

Use the case creation process to input Workers’ Compensation Medicare Set-Aside Arrangement (WCMSA) case information and all relevant documentation. Before you begin, read this chapter in its entirety and gather all required information.

Once a case has been created, neither the Social Security Number (SSN) nor Medicare ID (Health Insurance Claim Number [HICN] or Medicare Beneficiary Identifier [MBI]) can be changed within the case.

If the SSN and/or Medicare ID are incorrect, the case must be:

- Canceled if it has not been saved as a Work-In-Progress (WIP),
- Deleted if it has been saved as a Work-In-Progress or
- Updated by Workers’ Compensation Recovery Contractor (WCRC) staff, as long as it has been submitted, the account is not a Self-Account, and it is not in a completed status.

**Note:** Contact the WCRC to update incorrect SSNs and Medicare IDs for cases.

All files being added to a case must be in PDF format, cannot exceed 40 MB per file, must be virus-free, and cannot be password-protected.

Ensure that all files related to a case have been converted to that format, and do not exceed the file size limits. This is especially important for medical records. You may upload files for the same document or file type as long as each meets the file size requirements. All PDF files that meet the noted criteria can be added to a case.

11.1.1 Save a Work-In-Progress Case

You do not have to complete the case creation process immediately. You can save the entered information at any time after the initial case creation page by clicking the **Save Work-In-Progress** button that appears at the bottom of most pages. If you do so, the case is saved and the **Work-In-Progress** page appears.

**Figure 11-1: Case Saved as Work-In-Progress (WIP) Page**

You can return to the WCMSAP later and finish creating the case. Then submit the case, using the case lookup process and utilizing the case number provided on the **Work-In-Progress** page. See the next chapter for more information on the case lookup process.
If you click the **Cancel Case Creation** button, the case will not be saved. Cancelling the case deletes any entered information from the WCMSAP; you must start the case creation process from the beginning for that case. If the case was previously saved as a Work-In-Progress, only the information entered during that particular WCMSAP session would be deleted.

### 11.2 New Case Creation

1. Corporate and Representative users select an account ID on the *Account List* page (Figure 11-3). Self submitters can begin directly from their *Home* page.

2. Click the **Create a New Case** link in the “I’d like to…” box.

   The *New Case Creation* page appears (Figure 11-4).

#### Figure 11-2: I’d like to… Box

<table>
<thead>
<tr>
<th>I’d like to...</th>
</tr>
</thead>
<tbody>
<tr>
<td>Create a New Case</td>
</tr>
<tr>
<td>Case Lookup</td>
</tr>
<tr>
<td>View Alerts</td>
</tr>
</tbody>
</table>

3. Use the *New Case Creation* page to enter information for the beneficiary or claimant, and to verify that the case meets all new case requirements. Fields marked with an asterisk (*) are required.

   **Note:** If any of the following conditions are found, a case cannot be created for this beneficiary or claimant:
   - The proposed settlement amount is less than or equal to $25,000 for beneficiaries
   - The proposed settlement amount is less than or equal to $250,000 for non-beneficiaries
   - The case already exists in the system, and has not expired (use Case Lookup to work the case)
   - The beneficiary is deceased

   **Note:** Do not confuse proposed minimum settlement money with minimum (or no) set-aside amounts. For situations involving no MSA (Medicare set-aside) money, you can submit the case provided it meets other minimum requirements including minimum settlement amounts. Cases submitted with no set-asides are placed in ZERO (Zero Set-aside) status.

   **Note:** A case has expired if it has remained in Closeout status (CLOS) for more than 12 months since the date of the last Closeout Letter. See Section 12.3.5.

4. Enter the required information then click **Continue**.

   If the case meets minimum requirements, the WCMSAP will attempt to match the information you entered to an existing Medicare beneficiary.

   **Note:** For new cases due to a require resubmission, only the *Proposed MSA (Medicare Set-Aside) Amount* field will be active. All other fields will display as read-only with information from the original case displayed. See Section 12.3.5.
Figure 11-3: WCMSAP Account List (“home” for non-Self accounts) Page

WCMSAP

Corporate and Representative Accounts
The WCMSAP provides an interface for entry of Workers' Compensation, Medicare Set-Aside (WCMCS) proposals. You may use this site to enter the case information directly. The site also provides the ability to track submitted cases and the statuses without inquiry to the BCRG or CMS.

If the account is a Representative account, you also have the ability to view information for your WCMSAs and submit an annual attestation via the WCMSAP for all eligible WCMSAs where you are the identified administrator.

Professional Administrator Accounts
The WCMSAP provides an interface for you to view summary information for WCMSAs you administer by utilizing the Case Lookup function. You can also upload account transaction files and receive corresponding response files for the WCMSAs you administer.

Click the desired Account ID link below to access the specific account and perform these functions. You may modify your personal account settings by clicking the appropriate link under the Account Settings list.

Associated Account IDs:

- 30401 - Corporate
- 30324 - Corporate
- 30164 - Representative
- 30165 - Professional Administrator

### 11.2.1 Beneficiary Matching

After you click **Continue** on the *New Case Creation* page, the WCMSAP will attempt to match the information you entered to an existing Medicare beneficiary in the Medicare Beneficiary Database (MBD). To determine if a beneficiary exists on record, matching is performed on the entered Medicare ID (HICN or MBI) or SSN, along with the three out of the following four criteria: First Name (first initial), Last Name (first six letters), and Gender or Date of Birth (DOB).

There are three possibilities when attempting to match a beneficiary:

- **If a match is found** (that is, the beneficiary information you entered is successfully matched to an existing Medicare beneficiary on record), you will receive a message indicating that an existing beneficiary was found. The system will use stored demographic information about the beneficiary on the ensuing pages.
- **If a match is found, but some of the data you entered is incorrect**, you will receive a warning page explaining that the system will use the information stored, rather than what you entered, to continue with the case creation process. The system will use the corrected demographic information about the beneficiary on the ensuing pages.
- **If a match is not found**, you will receive a *Beneficiary Not Matched* message. This page allows you to go back and correct the information you entered, or continue to create the case anyway.

In all three scenarios, you may create a new case, or cancel the case creation process. The following steps provide more details about beneficiary matching.

**If a beneficiary match is found:**

A *Beneficiary Matched* message appears, confirming that a Medicare beneficiary has been found that matches the information you entered. On this page, you can:
1. Click **Continue** to proceed with case creation and display the *Beneficiary/Claimant Information* page.

2. Click **Cancel** to return to the *Home* page and cancel the case creation process. No data you entered will be saved unless you saved the case as a Work-In-Progress. In this case, only data you entered after saving will be lost.

**If a beneficiary match is found, but the Gender or Date of Birth (DOB) was entered incorrectly:**

An *Authenticated DOB* or *Authenticated Gender* warning page appears if you enter the DOB or Gender incorrectly, but the data you entered still matches three out of four criteria (First Name [first initial], Last Name [first six letters], and Gender or DOB). These pages confirm that the DOB or Gender from the beneficiary database will be used, instead of what you entered, to create the case. On these warning pages:

1. Click **Continue** to confirm that the existing information will be used to create the case. The *Beneficiary/Claimant Information* page appears.

2. Click **Cancel** to return to the *Home* page and cancel the case creation process. No data you entered will be saved unless you saved the case as a Work-In-Progress. In this case, only data you entered after saving will be lost.

**If a beneficiary match is NOT found:**

A *Beneficiary Not Matched* message appears, indicating that a Medicare beneficiary could not be found that matches the information you entered. On this page, you can:

1. Click **Previous** to return to the *New Case Creation* page. The information you entered previously reappears, allowing you to review your entries and make any edits necessary.

2. Click **Continue** to create the case anyway, and display the *Beneficiary/Claimant Information* page.

3. Click **Cancel** to return to the *Home* page and cancel the case creation process. No data you entered will be saved unless you saved the case as a Work-In-Progress. In this case, only data you entered after saving will be lost.

**Notes:**

- For Self accounts, demographic information stored on file will be displayed as read-only on the following pages of the case creation process. For Corporate or Representative accounts, some demographic information will be hidden on the following pages to protect the official beneficiary contact information. See Table 11-2.

- If the information cannot be matched because the claimant is not yet a Medicare beneficiary, you still may create a new case if the claimant has a reasonable expectation of becoming a Medicare beneficiary within the next 30 months (two years and six months).

### 11.3 Beneficiary/Claimant Information

1. Enter the beneficiary or claimant’s contact and injury information on this page. Fields marked with a superscript “1” are required.

   **For Self accounts:** Most fields are pre-populated. If the name, address, or phone number information is no longer correct, click the **Cancel Case Creation** button, make the necessary corrections via the *Update Personal Information* page, then begin the case creation process again.

   **For Corporate and Representative accounts:** If the information you entered matches an existing Medicare beneficiary on record after entering information on the *New Case Creation* page, several
demographic fields on this page are pre-populated, read-only fields, or are hidden from view (to protect the official beneficiary contact information). Hidden fields will also be hidden on the Case Summary page. The information from a matched beneficiary is already on file and does not need to be entered again. If the beneficiary was not matched, then all required fields display and are open for editing (except the Medicare ID or SSN fields, which display as read-only; HICNs and SSNs appear with the first five digits masked by asterisks).

2. Enter the required information then click Next.

The WCMSA Administrator tab displays the WCMSA Administrator page (Figure 11-6).

**Figure 11-5: Beneficiary/Claimant Information Page**

Save Work-In-Progress | Click to save all information entered up to this point and exit the case creation process.
Case Summary | Click to go to the *Summary Information* page and view a synopsis of the case information entered.
Cancel Case Creation | Click to delete all information entered for this case and exit the case creation process.

### 11.4 WCMSA Administrator

The *WCMSA Administrator* page allows you to identify the WCMSA case account administrator. You must select an administrator type and enter administrator information before you will be able to submit a case.

The administrator type selected determines the type of administrator information that is captured during the case creation process. The default option is “Self.” The other administrator types are Rep Payee and Professional Administrator.

**Note:** When “Professional Administrator” is selected as the administrator type, you will be required to upload a document to the *30 – Set-Aside Administrator or Copy of Agreement* category on the *Case Documents* page before you will be allowed to submit this case.

**To identify the administrator:**

1. Select an administrator type.
2. Enter the required information.
3. Click **Next** to save all information entered up to this point and proceed to the next registration step or click **Previous** to return to the previous page.
The Diagnosis Codes tab displays the Diagnosis Codes page (Figure 11-7).

**Figure 11-6: WCMSA Administrator Page**

### 11.5 Diagnosis Codes

Add diagnosis codes to the case by entering a code in the Diagnosis Codes text box, selecting the applicable DX Ind (i.e., selecting ICD-9 if the entered code is an ICD-9 diagnosis code or selecting ICD-10 if the entered code is an ICD-10 diagnosis code), then clicking the Add Diagnosis Code button. Click the Clear button to remove the value in the text box.

**Notes:** You must add at least one diagnosis code to the case, and a maximum of 25 diagnosis codes. The primary diagnosis code must be added first. You may not use ICD-9 codes for cases with Date of Incidents (DOIs) of 10/1/15 and later. You may not use both ICD-9 and ICD-10 codes on the same case.
If you do not know the exact code, you can search for it by clicking the Magnifying Glass icon next to the Diagnosis Code field Search button. The Diagnosis Codes search page appears (Figure 11-8).

### 11.5.1 Diagnosis Codes Search

1. Search for codes by entering either a partial diagnosis code in the Diagnosis Code text box, or by entering descriptive keywords in the Diagnosis Keywords text box. Enter at least three characters in either field. You must also select the applicable diagnosis indicator or DX Ind (i.e., select ICD-9 if the code you are searching for is an ICD-9 diagnosis code or select ICD-10 if the code you are searching for is an ICD-10 diagnosis code). **Note:** You cannot search by both the Diagnosis Code and Diagnosis Keyword fields simultaneously.

2. Click the Search icon next to the field you use to find all diagnosis codes that include the text or numbers entered. Click the Clear button next to either field to remove any value you have entered in that box.

   After clicking Search, a list of diagnosis codes appears near the bottom of the page.

3. Select the desired diagnosis code by clicking the radio button next to it then clicking the Select Diagnosis Code button.

   The Diagnosis Codes page reappears, with the new code added to the list at the bottom of the page (Figure 11-9). To remove a diagnosis code from a case, click the Delete icon [X] next to the code.

4. Once all codes are added to the case, click Next.

   The Prescriptions tab appears, showing the Prescription Drugs page (Figure 11-16).
11.6 Prescription Drugs

The Prescription Drugs page allows you to enter drug information for a claimant who is currently taking, or is expected to take, prescription drugs as a part of their Workers’ Compensation injury.

A drug disposition is required for this page. You must click either Yes or No to the question: “Is claimant currently taking or expected to take prescription drugs as a result of the injury?” An error asterisk (*) will appear on the Case Summary page if no radio button is selected, or if Yes is selected and no drug information is provided.

Note: The information that you enter on this screen is not final. The Workers’ Compensation Recovery Contractor (WCRC) will review and make changes as appropriate.
11.6.1 Drug Lookup (Rx Search) and Selection

To find prescription drugs to add to a claimant’s case, start by clicking the Drug Lookup button to begin a search for the drugs listed within the Red Book database. When the Rx Search page opens, enter your search criteria in one or more of the available fields and then initiate a search.

The Rx Search results grid displays all matching criteria up to a maximum of 500 drug entries. The results include the most recent release of the Red Book drug pricing for the lowest priced drug meeting the criteria. Only drugs identified within the Red Book as active and include a manufacturer are considered for lowest price selection.

Note: The results will not include any invalid or discontinued National Drug Codes (NDCs) or repackaged NDCs.
To search for prescription drugs:

1. Click the **Drug Lookup** button.
   
   The **Rx Search** page appears.

2. Enter drug criteria for one or more of the search fields:
   
   Entering full or partial phrases or numbers in the Drug Name and Dosage fields, respectively, retrieves all results that include that phrase or number (i.e., Entering “Aspirin” will retrieve all variants of the drug name containing the term “aspirin”).

3. Click the **Search** button to initiate the search or click **Clear** to remove the search criteria.
   
   The initial search results are sorted by Drug Name first in ascending order; then by Dosage in ascending order. All search results may be sorted using any column.

4. From the **Rx Search** results grid, click the **Select** hyperlink for a drug to add it to the **Drug Entry** grid on the **Prescription Drugs** page.

5. Click **Return** to return to the main **Prescription Drugs** page.
   
   **Note:** When you click **Return**, neither the search criteria nor the results are saved.
11.6.2 Rx Detail Page

When you complete a search, each returned row includes an **Info button**. The **Info** button opens the Rx Detail page which allows you to view the Red Book details for a particular drug.
To view current pricing and details, click the Info button for a drug on the Rx Search results grid. The Rx Detail page appears. The current details for that drug appear at the top of the page.

To view historical pricing and details:

1. On the Rx Detail page, go to the Pricing History section.
   
   This page displays the most recent 24 historical prices in a month/year format.

2. For a desired time period, click the price hyperlink.
   
   The Rx Historical Detail page appears, showing the Rx History Detail – [Year] – [Month] (Figure 11-14).
11.6.3 Drug Entry and Summary of Prescription Drugs

The Prescription Drug Entry page includes two grids: a Drug Entry grid, which displays a single selected drug from a search for which you can calculate pricing, and the Summary of Prescription Drugs grid, which displays all drugs added for the claimant and displays a total cost for all the drugs (Figure 11-15).
To select and calculate the cost of a single drug:

1. From the results listing on the Rx Search page, select a drug by clicking the Select button.
   The drug is added to the Drug Entry grid on the Prescription Drugs page.
2. Enter all details in the Drug Entry grid.
3. Click the Calculate Total button.

To add a drug to the Summary of Prescription Drugs grid:

1. Complete all required fields in the Drug Entry grid.
2. Click the Add button.
   After adding the drug to the Summary of Prescription Drugs grid, the drug is automatically removed from the Drug Entry grid.
   To remove all data from the Drug Entry grid, click the Clear button.
Note: The *Summary of Prescription Drugs* grid can display a maximum of 200 drugs. Drug pricing information may change depending on when you submit the case. See Section 11.6.4.

3. Click **Save** to save and move to the next tab or click **Save Work-in-Progress** to save your work and return to the *Case Lookup* page (Figure 12-3).

### Table 11-10: Drug Entry and Summary of Prescription Drug Fields

<table>
<thead>
<tr>
<th>Field</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Drug Entry</strong></td>
<td>-</td>
</tr>
<tr>
<td><strong>Drug Name</strong></td>
<td>Displays the drug name. This is a 50-character alpha-numeric field, which is pre-filled from the search and is read-only. Required.</td>
</tr>
<tr>
<td><strong>Dosage</strong></td>
<td>Displays the measured dose per unit. This is a 25-character alpha-numeric field, which is pre-filled from the search and is read-only. Required.</td>
</tr>
<tr>
<td><strong>NDC</strong></td>
<td>Displays the National Drug Code (NDC) identifier. This field is pre-filled from the search and is read-only. Required.</td>
</tr>
<tr>
<td><strong>Frequency Per Day</strong></td>
<td>Displays a frequency for a drug. Enter the number of units per day. You can enter up to five characters. This field is numeric and allows decimals. Required.</td>
</tr>
<tr>
<td><strong>Frequency Per Week</strong></td>
<td>Displays a frequency for a drug. Enter the number of units per week. You can enter up to five characters. This field is numeric and allows decimals. Required.</td>
</tr>
<tr>
<td><strong>Frequency Per Month</strong></td>
<td>Displays a frequency for a drug. Enter the number of units per month. You can enter up to five characters. This field is numeric and allows decimals. Required.</td>
</tr>
<tr>
<td><strong># Years</strong></td>
<td>Displays the number of years based on the Centers for Disease Control and Prevention (CDC) Life Expectancy tables. This is a four character numeric field, which is pre-filled based on the current date and the claimant’s Date of Birth (DOB). Required. This field is editable. Notes: If you edit this field, the number you enter must be less than the number pre-filled by the system, be greater than zero, and must be a whole number. The application will consider the current date to be the equivalent of the &quot;proposed settlement date&quot; used by the Workers’ Compensation Case Control System (WCCCS) in its calculation, and it will not use the Rated Age in the calculation. If you attempt to submit a case and the CDC Life Expectancy tables have changed, and you have not edited this field, the application will substitute the current Life Expectancy (from the CDC Life Expectancy table) for the prescription drugs on the case. The prescription drug entry “Total” fields on the <em>Summary of Prescription Drugs</em> grid will be recalculated using the current “# Years” value as well as the “Grand Total” field. Additionally, the WCMSAP will display a warning/alert on the <em>Case Summary</em> page indicating the information has changed.</td>
</tr>
<tr>
<td><strong>Reason for Edit of # Years</strong></td>
<td>Free-form text field. You can enter up to 50 characters. This field is required when # Years has been changed and no longer equals the number of years calculated from the CDC Life Expectancy tables. If there are no edits to the # Years field, leave this field blank.</td>
</tr>
<tr>
<td>Field</td>
<td>Description</td>
</tr>
<tr>
<td>------------------------</td>
<td>-----------------------------------------------------------------------------</td>
</tr>
<tr>
<td>PPU</td>
<td>Displays the Price Per Unit. This is a six-character numeric field. This field is pre-filled from the search and is read only. Required.</td>
</tr>
<tr>
<td>Calculate Total</td>
<td>Click this button to calculate the total cost of the drug.</td>
</tr>
<tr>
<td>Total</td>
<td>Displays the total cost of the drug after clicking the Calculate Total button. This is a nine-character numeric field. Required</td>
</tr>
<tr>
<td>Add</td>
<td>Click this button to add a drug to the Summary of Prescription Drugs grid.</td>
</tr>
<tr>
<td>Clear</td>
<td>Click this button to clear all data in the Drug Entry grid.</td>
</tr>
<tr>
<td>Summary of Prescription Drugs</td>
<td>These fields are displayed in addition to those displayed on the Drug Entry grid.</td>
</tr>
<tr>
<td>Delete (X)</td>
<td>Click this icon, with confirmation, to delete the entry from the grid.</td>
</tr>
<tr>
<td>Red Book Version</td>
<td>Displays the Red Book Version # from the Drug Lookup (Rx Search) page.</td>
</tr>
<tr>
<td>Rx Info. (“i”)</td>
<td>Click this icon to display (in a new window) the Rx Detail page with current and historical pricing for the drug.</td>
</tr>
<tr>
<td>Grand Total</td>
<td>Click this button to calculate the total cost of all drugs listed in the summary grid.</td>
</tr>
</tbody>
</table>

All drug information is displayed in the Prescription Drugs section of the Case Information page. While the case is still in Work in Progress (WIP) status, the drug information may be edited. Once a case is submitted, no changes may be made to prescription drug information. The drug information is then view only.

11.6.4 Changes in Red Book Pricing

Should the current Red Book information or pricing change after saving the drugs, but before submitting the case, the application will automatically update the drug prices and recalculate the totals in the Summary of Prescription Drugs grid at the time of submission based on the newer Red Book version.

If the application determines that there are invalid or discontinued NDCs for the saved drugs based on a newer Red Book version, you will be required to return to the Summary Information page and re-enter those drugs before submitting a case. The word “Invalid” will display to the right of the invalid prescription drug on the Summary of Prescription Drugs grid.

If prescription drugs are included on a case and the current Red Book version number does not match the Red Book version number used for the prescription drugs on a case, the application will change the Red Book version number and display a warning or alert on the Case Summary page indicating that the Red Book version number has been updated on one or more prescription drug entries.

11.7 Workers’ Compensation (WC) Carrier

1. Enter the information for a single Workers’ Compensation (WC) carrier (insurer) to the case.
   - Any additional WC carriers must be entered on the Case Notes page. Fields marked with a superscript 1 are required.

2. After you have entered the necessary information, click Next.
   - The Employer tab appears, showing the Employer Information page (Figure 11-17).

### 11.8 Employer Information

1. Enter the beneficiary or claimant’s employer information on this page.
   Fields marked with a superscript 1 are required.

2. After you have entered the necessary information, click **Next**.
   The **Attorney** tab appears, showing the Benefits/Claimant Attorney page (Figure 11-18).

#### 11.9 Beneficiary/Claimant Attorney

You have the option to enter attorney information on this page, but you do not have to enter anything on this page before submitting the case. However, if information is entered in any field then the following fields are required: Last Name, First Name, Address Line 1, City, State, Zip Code, and Phone.

This page must be left blank if the beneficiary or claimant is not represented by an attorney.

After you have entered any necessary information, click **Next** to display the **Notes** tab and the **Case Notes** page (Figure 11-19).

### 11.10 Case Notes

The Case Notes page is also optional. Notes can be added to a:

- New case, at any time prior to its submission
- Case saved as a Work In Progress (WIP), at any time prior to its submission
- Submitted case when a document is replaced
- Submitted case when additional documents are added

Add a note to a new or WIP case to record any pertinent information. Notes can only be added to submitted cases when a document is added or replaced. See Chapter 12 for more information about adding notes to submitted cases.

1. For new/WIP cases, enter any relevant notes in the text box then click the Add Note button.
2. Click the Delete icon [X] next to a note to remove it from a case.
3. After managing any case notes, click Next.

The Documents tab appears, showing the Case Documents page (Figure 11-21)

The note will then display at the bottom of the page, with the date it was added to the case, the name of the user who added it, and the content of the note.
11.11 Case Documents

Use this page to add documents to a case or delete any existing documents on a case. Documents marked with an asterisk (*) are required when submitting a case through the portal.

Documents can be added to a case under the following document categories:

- 05: Submitter Letter or Other Summary Documents *
- 10: Consent Form *
- 15: Rated Age Information or Life Expectancy
- 20: Life Care Plan *
- 25: Proposed/Final Settlement Agreement or Court Order *
- 30: Set-Aside Administrator or Copy of Agreement
  Required to submit a new case if the administrator type is Professional Administrator.
- 35: Medical Records (1st Report of Injury through Recent Treatment) *
- 40: Payment History *
- 45: Future Treatment Plans
- 50: Supplement/Additional Information
- 55: WCMSA Attestation Submission Documentation
This document is only uploaded to a case via the attestation submission process.

Figure 11-21: Case Documents Page

To add documentation to the case, click the Add File link under the document type you would like to add. Documents must be in PDF file format and cannot exceed 40 MB (megabytes). Medical records must be separated into files that contain less than 10 MB pages. Please create separate files BEFORE attaching these files.

To delete documentation, locate the document and click the 'Delete' button that appears to the right of the file name. This will permanently remove the document from the Web Portal. You will not be able to delete any files that were uploaded to the WCMSA Web Portal when the case was submitted.

If a document must be replaced a 'Replace' link will appear to the right of the file name.

An asterisk (*) indicates a required file.

  Add Files

65 - WCMSA Attestation Submission Documentation
  Submitter Letter.pdf 2010-01-20

I attest that the documentation attached is complete and accurate to the best of my knowledge.
To add a document to a case, click the **Add Files** link under the document category you would like to add. This opens the *Attach Documentation* page (Figure 11-22). Use the *Attach Documentation* page to browse your system and select documents to upload to the case.

**Note:** The **Add Files** link is not shown for WCMSA Attestation Submission Documentation.

### 11.11.1 Add Files

Use the *Attach Documentation* page to select documents to add to a case. Selected documents must be in PDF format, and each file cannot exceed 40 MB. Files with a non-PDF extension or greater than 40 MB will not be accepted.

Please do not submit password-protected PDFs, and do not submit files in PDF Portfolio format. A PDF Portfolio contains multiple files assembled into an integrated PDF unit. All files within a PDF Portfolio must be separated into separate files then submitted.

The document category appears near the top of the page (i.e., Consent Form, Life Care Plan, etc.). If you have selected the wrong document category, click the **Cancel** button return to the *Case Documents* page and click the **Add Files** link under the desired document category.

**Figure 11-22: Attach Documentation Page**

*Note:* Once documents are added to a case, the contents of that document cannot be viewed. Review the document on your system prior to uploading to ensure its accuracy.

1. To attach a document, enter the file name and path in the text box, or use the **Browse** button next to the text box to search your system for the desired document.

2. To attach the selected file, click the **Attach Files** button.

   This uploads the document to the *Case Documents* page. The file name and date the file was uploaded display under the appropriate document category (Figure 11-21).

   Click the **I attest that the documentation attached is complete and accurate to the best of my knowledge** checkbox to provide your attestation.

3. Click **Submit Files** to add the files to the case.
11.11.2 Delete Files

1. To delete a document, click the **Delete** link that appears to the right of an already uploaded file name.

   This permanently removes the document from the WCMSAP.

   **Note:** Documents can only be deleted from a case that has not yet been submitted.

2. After adding all relevant documentation to the case, click **Next**.

   The **Summary** tab appears, showing the **Summary Information** page (Figure 11-24).

11.11.3 Commingled Files

If a case document contains information for more than one beneficiary, that document is considered “Commingled.” When commingling is detected in a case file, the case is placed in a status of COMG (Commingled), and one alert per case is sent to the document submitter indicating that the file(s) contain commingled information. The commingled file is then deleted from the case. For portal and non-portal cases, if a document is marked as Commingled through the WCCCS image viewer, then all images in that folder are deleted from the commingled case.

The file submitter must upload a new document that only contains information from one beneficiary. Submitters have 10 business days from the date the alert was sent to add the new file. The **Submit Files** button on the **Case Documents** page remains disabled until the commingled document is replaced. If the new file is submitted during the 10 business days, the case status changes from COMG
to DREC (Documents Received) and the case review can continue. If multiple commingled documents are detected, you must replace all commingled files before you can continue.

If no new files are added and the case is still in Commingled status after 10 business days, the case status automatically changes to CLTR (Closeout) status.

To replace a commingled document:
1. Click the **Requires Replacement** link on the *Case Documents* page.
2. To attach a document, enter the file name and path in the text box, or use the **Browse** button next to the text box to search your system for the desired document.
3. To attach the selected file, click the **Attach Files** button.
4. Click **Submit Files** to add the new, non-commingled, file to the case.

**Note:** If multiple commingled files are detected in the case, only one alert is generated.

### 11.12 Case Summary

The *Summary Information* page provides a summary of all the information you have entered for the case. Use this page to make any changes before submitting the case.

**To edit case information:**
1. Click the **Edit** button next to the proper section to return to that section.
2. Once all corrections have been made, click **Next** at the bottom of that page to navigate back to the *Summary Information* page.

**Note:** If the beneficiary for a Corporate or Representative account was matched after entering information on the *New Case Creation* page, several demographic fields on this page will be hidden from view to protect the official beneficiary contact information. Fields indicated as pre-populated or hidden when creating a new case (see Table 11-2) are also pre-populated or hidden, respectively, on the *Summary Information* page.
Figure 11-24: Summary Information Page (Top)

Please review your case information. Please note that a consent form is required prior to case submission. If you need to change the information, click the 'Edit' button. If you are satisfied with the information, click the 'Submit Case' button to submit the case. Click 'Cancel Case Creation' to cancel the process, all data will be lost. Click "Save Work-In-Progress" button to save entered data. Print this page for your records.

11.12.1 Submit the Case

You still have the option to save the case as a Work-In-Progress on this page. However, if all case information is complete and you are ready to submit the case, click the **Submit Case** button. The **Submit Case** button is active only after all required case information has been entered and a consent form has been provided. The *Successful Case Submission* page appears.

**Figure 11-26: Successful Case Submission Page**

![Successful Case Submission Page](image)

You can return to the WCMSAP later and work on the submitted case by using the case lookup process (described in the next chapter) and utilizing the case number provided on the *Successful Case Submission* page.
Chapter 12: Manage Existing Cases

Users of the WCMSAP can access and make changes to cases under their assigned Account ID(s). Account Managers (AMs) have access to all associated cases, while Account Designees’ (ADs) case access is controlled by the AM. Use the case lookup process to perform the following functions:

- Search for Work-In-Progress and Submitted cases
- View case information
- View case status
- Grant or revoke AD access to specific cases (AM function only)
- Add additional documents to a case
- Delete documents from Work-In-Progress cases
- Replace commingled documents on submitted cases
- Submit a re-review request for an approved case
- Submit an attestation for an approved case for accounts for which they are the administrator (Self and Representative account types, and beneficiaries logged in through MyMedicare.gov).
- Resubmit an expired case

Note: If you are a professional administrator, you will only be able to use the case lookup process to search for existing cases and view case information, including the current Workers’ Compensation Medicare Set-Aside Arrangement (WCMSA) balance.

To update a Medicare Number (Health Insurance Claim Number [HICN] or Medicare Beneficiary Identifier [MBI]) or Social Security Number (SSN) on an existing case that is not completed, and the account is not a Self-Account, contact the Workers’ Compensation Recovery Contractor (WCRC).

Follow the steps detailed below to manage existing cases:

From the Account List page, choose an account from the list, then click the Case Lookup link in the “I’d like to…” box.

The Case Lookup page appears (Figure 12-3).

Figure 12-1: “I’d like to…” Box
12.1 Case Lookup

Use this page to specify which cases to display. You must select an Account ID from the Account List page first.

Use the fields on the page to narrow search results.

- Select the All Cases radio button to view submitted and Work-In-Progress (WIP) cases assigned to you.
- Select the Submitted Cases Only radio button to view submitted cases assigned to you.
- Select the WIP Cases Only radio button to view Work-In-Progress cases assigned to you.

The remaining fields are all optional.

Note: If you are a professional administrator, you will not be able to narrow your search results by submitted and Work-In-Progress cases. You will only be able to search by the case control number, Medicare ID or SSN, and settlement date range.

After you have entered your search criteria, click the Search button. The Case Listing page appears (Figure 12-5).
Figure 12-3: Case Lookup Page

Case Lookup

You can access Workers' Compensation Medicare Set-Aside (WCMSA) cases that have been submitted through the Web portal and are associated with your Login ID using various search criteria.

Enter the search criteria in the provided fields and click ‘Search.’ Selecting ‘Cancel’ will return you to the Home page.

Helpful Hints:
- WIP cases do not have a Submission Date
- Date Range is limited to a maximum of six months

- All Cases (Both submitted and WIP cases)
- Submitted Cases Only
- WIP Cases Only

Enter one of the following:
- Case Control Number: [ ]
- Medicare ID: [ ] OR SSN: [ ] [ ] [ ]

Date Range:
- Case Creation Date Range:
  - From: [ ] [ ] [ ] To: [ ] [ ] [ ]
- Case Submission Date Range:
  - From: [ ] [ ] [ ] To: [ ] [ ] [ ]

12.2 Case Listing

The Case Listing page displays the cases that meet the search criteria you previously entered on the Case Lookup page.

Click the case number link for a case to display the Summary Information page. Click the Manage Access link for a case to display the Manage Case Access page.

Notes:

- If a new case has been submitted as part of a required resubmission, both the new and original case numbers display. The original case appears as read-only when clicked. See Section 12.3.5.
- If you are a professional administrator, you will only be able to view the case number, claimant name, date of injury, settlement date, and WCMSA balance on this page.

</tr>
</tbody>
</table>
| Case Status        | Status of the case. All cases have been submitted, except for cases in WIP (Work-In-Progress) status. Options are:  
  - APPR: Approved  
  - ASGN: Assigned  
  - BUND: Beneficiary Under Threshold  
  - CLOS: Manually Closed  
  - CLTR: Closeout  
  - COMG: Commingled  
  - COMP: Completed  
  - DECD: Deceased  
  - DENY: Case Denied (unable to process case)  
  - DEVP: In Development  
  - DISP: WCRC Recommendation Completed (at RO)  
  - DREC: Document Received  
  - OPCM: Case Reopened (after RO/COMP)  
  - PEND: Pending  
  - RECD: Received  
  - REOP: Case Reopened (after RO/CLOS)  
  - RTND: Under Threshold – Non-Bene Case (No CMS Review)  
  - Submitted: Case submitted  
  - WIP: Work In Progress. Not submitted  
  - ZERO: Zero Set-aside  
  **Note:** A case status of “Approved” means the Regional Office has approved and is working the case; an Approval letter may not have been generated yet. Once the Regional Office has completed their review of the case, the user will receive an email alert notification and they can go to the *Alerts Listing* page and retrieve the Approval letter.  
  If no settlement information has been submitted for cases in “Approved” (APPR) status, users with appropriate access in the Workers’ Compensation Case Control System (WCCCS) can send Approval Follow-up letters, as needed, to remind submitters and beneficiaries to submit settlement information. When sent, authorized WCMSAP users on the cases will be notified by email. They can also view the follow-up letters by clicking the *Alert ID* links on the *Alert Listing* page.  
  **Note:** This field is not shown for professional administrators. |
| Case Location      | Location of the case. Options are:

**Note:** This button is only shown for professional administrators. |

**12.3 Case Summary**

Use the *Summary Information* page to add documents to a case, replace documents on submitted cases, delete documents on Work-In-Progress (WIP) cases, resubmit a case (if required), and submit WIP cases. If your case qualifies for re-review, you can also submit a re-review request for an approved case. Corporate and Representative AMs can also view the *Manage Case Access* page from here (Figure 12-7).

If you are identified as the administrator for the case, you can also view the *WCMSA Account Balance and Attestation Submission* page by clicking the *WCMSA Attestation Information* button. From that page, you may view your WCMSA balance or submit your yearly attestation. See Section 12.5 for details on submitting attestations.

**Notes:** The *WCMSA Attestation Information* button is only enabled and visible for account administrators when the case has been previously approved.

If a case has been in Closeout (CLOS) status for more than 12 months since the date of the last Closeout Letter, the case becomes read-only. You may not add, replace, or delete files. The *Add*, *Replace* and *Delete* links mentioned below will be replaced with a *View* link, allowing you to view previously submitted documents.
Figure 12-7: Summary Information Page

Please review your case information. If you need to change the information, click the 'Edit' button. If you are satisfied with the information, click the 'Submit Case' button to submit the case. Click 'Cancel Case Creation' to cancel the process, all data will be lost. Click 'Save Work In-Progress' button to save entered data. Print this page for your records.

If you would like to view your WCMSA balance or submit your yearly attestation, please click the WCMSA Attestation Information button.
1. Click the View button next to a section heading to display the entered information. Click the Next button at the bottom of that page to navigate back to the Summary Information page or click the Case Summary button at the bottom of any page to return to the Summary Information page.

2. For submitted cases, go to the Case Documents page and click the Submit Files button to save documents still pending submission.

   **Note:** If there are still documents pending submission, the system will display the following warning on the Summary Information page: “Some documents are pending submission. Go to the Case Documents tab to Submit Files” (Figure 12-8). This applies to any documents in a new status that are pending submission.

3. Click the New Search button to return to the Case Lookup page. To manage case documents, click the Add Files button on the Summary Information page. This displays the Case Documents page.

### 12.3.1 Add Files

1. On the Case Documents page, click the Add Files link under the document category you would like to add.

   This opens the Attach Documentation page (Figure 12-9).

2. Use the Attach Documentation page to browse your system and select a document to upload to the case.

   Selected documents must be in PDF format and each file cannot exceed 40 MB. Document categories marked with an asterisk (*) are required for submission. See Section 11.11.1 for more information on adding documents.

3. Click the I attest that the documentation attached is complete and accurate to the best of my knowledge checkbox to provide your attestation.

When you add documents, the case Documents page will display one of the following statuses next to the documents: Submitted, Pending Submission, OR Requires Replacement.

Statuses of Pending Submission and Requires Replacement will appear next to (in parentheses) the Replace or Delete links. Documents that have already been submitted will display a status of Submitted.

**Note:** If a Replace link appears to the right of any document name, the WCMSAP requires you to replace that document before it will allow any new files to be submitted to the case. Although you will be allowed to attach new files to a case, the newly attached files will not be submitted. The Submit Files button will be disabled until all replacement files have been added and uploaded to the case; you must click this button in order to successfully submit files to the case. Documentation that has not yet been submitted will either have a Delete or a Replace link to the right of the file name.
12.3.2 Replace Files

Typically, documents must be replaced when a case has been submitted and it contains commingled documents. Only files that have been flagged as replaceable by the WCRC can be replaced. A commingled alert will be listed on the *Alert Lookup* page in this instance. See Chapter 13 for more information about alerts.
1. If a document must be replaced, click the **Replace** link that appears to the right of the file name (Figure 12-10). The **Replace** link will continue to display until you click this link and successfully upload a replacement file.

   Once the **Replace** link is clicked, the *Attach Documentation* page will display (Figure 12-11).

2. To replace a document, enter a new file name and path in the text box, or use the **Browse** button next to the text box to search your system for the desired document.

   Before attaching the file, you can enter a note detailing what file was replaced and the reason for the replacement. All notes will display on the *Case Notes* page.

   **Note:** If you need to replace a file that includes more than one document, use the **Replace** link to replace one document and then use the **Add Files** button to add all remaining documents.

3. Click the **I attest that the documentation attached is complete and accurate to the best of my knowledge** checkbox to provide your attestation.

---

**Figure 12-10: Case Documents Page (Replace Status)**

---
4. To attach the selected file, click the **Attach Files** button.

   This uploads the document to the *Case Documents* page. The file name and date the file was uploaded appears under the appropriate document category.

   The new file name will appear under the proper document category, replacing the previous file name. The *Replace* link will be changed to a *Delete* link which allows you to delete the replaced file in the event it was an incorrect upload. The *Delete* link will continue to display until you click the **Submit Files** button which will submit all newly added or replaced files to the case.

   **Note:** If you delete the replacement file, the link will change back to *Replace* and the system will require you to replace the file once again.

   **Note:** If there are still documents pending submission, the system will display the following warning on the *Summary Information* page: “Some documents are pending submission. Go to the *Documents* tab to Submit Files.”
12.3.3 Delete Files

To delete a document, click the **Delete** link that appears to the right of the file name. This permanently removes the document from the WCMSAP. You can only delete documents from new and Work in Progress (WIP) cases, and documents that have been added but not yet saved to an existing case. You cannot delete files that were previously saved to existing cases.

12.3.4 Submit a Work-In-Progress Case

1. Once all case information is complete and you are ready to submit a WIP case, click the **Submit Case** button at the bottom of the page. (This button only appears for cases in WIP status.)

   The **Confirm Case Submission** page appears (Figure 12-13).

2. Click **Continue** to submit the case. Click **Cancel** if you do not want to submit the case.

   If you click **Continue** (on the **Confirm Case Submission** page), the **Successful Case Submission** page appears (Figure 12-14). Use the case number provided on this page to return to look up the case.

   If you click **Cancel** (on the **Confirm Case Submission** page), the **Cancel Case Submission** page appears.

3. Click **Continue** to be returned to the **Summary Information** page where you can save your case as a Work-in-Progress (by clicking the **Save Work-in-Progress** button) or cancel the case creation (by clicking the **Cancel Case Creation** button).
12.3.5 **Required Resubmission**

In some situations, you may need to add additional documentation to an existing case that is now closed. If the case has been in Closeout (CLOS) status for more than 12 months since the date of the last Closeout Letter, you are required to resubmit the entire case, including all associated documentation.

If your case meets the criteria for resubmission, a **Required Resubmission** button appears on the *Case Summary* page.

When completing a required resubmission, you must:

- Create a new case using the *New Case Creation* page.
- Include ALL case documents from the past two years.
- Use the new case number to make changes to the case going forward. You can still use the previous case number to view a read-only version of the original case.
To complete a required resubmission:

1. Click **Required Resubmission** on the Case Summary page (Figure 12-16).
   - The New Case Creation page appears, with all fields except the **Proposed Settlement Amount** field pre-filled and read-only.
2. Enter a new Proposed Settlement Amount, and click **Continue**.
3. Complete the required steps for creating a new case as outlined in Chapter 11.
4. When you are finished, a version of the Successful Case Submission page is displayed with both the new Case Number and prior Case Number (Figure 12-17).
5. Click the **Prior Case Number** hyperlink to view a read-only version of the Case Summary page for the prior Case Number.

**Note:** On the Case Listing page, both the prior Case Number and the new Case Number will display. The prior Case Number is a read-only version of the previously submitted case. All updates to the case must be made to the new Case Number.

**Figure 12-16: Case Summary Page for Required Resubmission**

**Figure 12-17: Successful Case Submission Page for Required Resubmission**

### 12.4 Submit a Re-Review Request for an Approved Case

When you disagree with the Regional Office (RO) decision on a case, or if projected care for a case has changed so much that the new proposed settlement amount differs from Centers for Medicare &
Medicaid Services’ (CMS’) approved amount by 10% or $10,000 (whichever is greater), you can submit a re-review request. A WCMSAP case is eligible for re-review if it is in approved status at a Regional Office and a re-review is not already in process.

**To request a re-review of a case:**

Click the **Request Case Re-Review** button on the *Summary Information* page.

The *Case Re-Review Request* page appears (Figure 12-19). You will submit the reason for the re-review request for the Case Number displayed at the top of the page.

**Note:** The *Request Case Re-Review* button will be disabled if the case is not eligible for the re-review request.

See the sections below for instructions on completing the three different types of re-reviews.

**Figure 12-18: Summary Information Page (Request Case Re-Review)**

</table>
12.4.1 Option 1 Instructions

If you selected re-review request Option 1, you have the option to upload supporting documentation and/or submit comments in the Additional Notes field.

1. On the Case Re-Review Request page, select Option 1.
2. Enter the new proposed Medicare Set-Aside (MSA) amount in the field provided.
3. Click Continue.
   
   The Case Re-Review Request Details page appears (Figure 12-20).
4. Use the text box provided, or upload documentation, to support your request.
5. If you are not uploading supporting documentation and you have entered all required data (including any optional comments in the Additional Notes field) click the Continue button.
   
   The Case Re-Review Request Verification page appears.
6. Verify that the information provided is accurate. Click Continue to proceed with the re-review request.
   
   The Case Re-Review Request Confirmation page appears (Figure 12-22).
   
   **Note:** Click Previous to make changes or click Cancel to cancel the re-review request. When Cancel is clicked, the Cancel Re-Review Request Confirmation page appears (Figure 12-35). Click Yes to cancel the request (and discard all information), or click No to return to the previous page.
   
   If you entered free-form text, it will be added to the permanent case and the case will be submitted for consideration.
7. Click Continue to return to the Summary Information page.
8. Proceed to Next Steps in this section.
Figure 12-20: Case Re-Review Request Details Page

- **Case Number:** ####
- **Re-Review Request Type:** RX
- **Reason for Re-Review Request:** You believe you have additional evidence, not previously considered by CMS, which was available prior to the submission date of the original proposal which warrants a change in CMS determination.
- **Notes:**
  - Please enter any additional notes in the area provided below.
  - Notes are limited to 500 characters.
- **Supporting Documentation:**
  - Medical Records.pdf
  - Upload Documentation
  - Supporting documentation uploaded: Medical Records.pdf
  - Press Cancel if you do NOT wish to submit your case for re-review.
12.4.2 Option 2 Instructions

If you selected re-review request Option 2, you are required to upload supporting documentation.

1. On the Case Re-Review Request page, select **Option 2**.
2. Enter the new proposed Medicare Set-Aside (MSA) amount in the field provided.
3. Click **Continue**.

   The **Case Re-Review Request Details** page appears (Figure 12-23).
4. Click the **Upload Documentation** link.

   The *Attach Documentation* page appears (Figure 12-24).

5. Create a .PDF file of your documentation and follow the instructions for uploading documentation found in Section 11.11.1.

6. Click the **I attest that the documentation attached is complete and accurate to the best of my knowledge** checkbox to provide your attestation.
7. After attaching your files, you will be returned to the *Case Re-Review Request Details* page. Verify the information submitted and click **Continue**.

The *Case Re-Review Request Verification* page appears (Figure 12-25).

8. Verify that the information provided is accurate. Click **Continue** to proceed with the re-review request.

The *Case Re-Review Request Confirmation* page appears (Figure 12-26).

**Note:** Click **Previous** to make changes or click **Cancel** to cancel the re-review request. When **Cancel** is clicked, the *Cancel Re-Review Request Confirmation* page appears (Figure 12-35). Click **Yes** to cancel the request (and discard all information), or click **No** to return to the previous page. This page confirms that your re-review request has been submitted. If you entered free-form text, it will be added to the permanent case and the case will be submitted for consideration.

9. Click **Continue** to return to the *Summary Information* page.
12.4.3 Amended Review Instructions

If you selected re-review request Option 3, you must provide medical or prescription drug details to support your request and attach supporting documentation.

Note: You may only request an Amended Review one time per case. You may not request another re-review if your request for an Amended Review is denied (even if the case is not eligible).

To be eligible for an Amended Review, the case:

- Has been reviewed and approved between one year prior to and no later than six years after the last approval.
• Cannot have a previous request for an Amended Review.
• Must result in a 10% or $10,000 change (whichever is greater) in CMS’ previously approved amount. For example:
  • An approved Medicare Set-Aside (MSA) is $80,000. Since $10,000 is greater than $8,000 (which is 10% of the approved MSA), then $10,000 will be used in calculation.
  • The New Proposed MSA Amount is $88,000. Since $8,000 ($88,000 - $80,000) is at least a 10% change, this amount is eligible for an amended review.

Note: The New Proposed MSA Amount can be greater than or less than the Approved MSA Amount, as long as the difference is at least 10% or $10,000 (whichever is greater).

To complete an Amended Review request, you must:
• Request an amended review
• Enter medical and/or drug details
• Attach documentation
• Verify and Confirm your request

Follow the instructions for each step below:

**Request An Amended Review:**

1. On the *Case Re-Review Request* page, select **Amended Review** (Figure 12-27).
2. Enter the new proposed Medicare Set-Aside (MSA) amount in the fields provided.
3. Click **Continue**.
   
   If you select “Medical” or “Both,” enter medical details on the *Case Re-Review Request Medical Details* page.
   
   If you selected “RX,” enter drug details on the *Case Re-Review Request Drug Details* page.
Figure 12-27: Case Re-Review Request Page

![Case Re-Review Request Page]

Enter Medical Details

**Note:** The step is required if you selected “Medical” or “Both” as the re-review request type on the Case Re-review Request page. If you selected “Drug,” this step does not apply.

On the Case Re-Review Request Medical Details page (Figure 12-28), you must provide medical reasons showing that your care has changed enough to warrant an amended review.

1. In the Medical Line Item Identification section, select the radio button for each item to indicate if it has already been provided, or is no longer required.
2. Enter up to 50 characters in the *If item is selected, provide references to records describing this change* field.
   
   Use this field to indicate which records (existing or additional) contain references to the type of changes indicated by the radio button selection.

   Use the scroll bar to view additional line items.
3. In the Additional Care Items section, click **Add** to add a new line to the table.
4. Click to enter up to 75 characters in the *Describe Additional Care* field.
   
   Use this field to provide a short description of the additional care.
5. Click to enter up to 75 characters in the *Provide references to records describing this additional care* field.
   
   Use this field to indicate which records (existing or additional) contain references to the additional care.
6. To delete a line item, click **Delete**.
7. Click **Continue** to proceed.
The *Amended Review Case Documents* page appears if you selected “Medical” as the re-review request type.

The *Case Re-Review Request Drug Details* page appears if you selected “Both” as the re-review request type.

| Describe Additional Care                   | Enter freeform text (up to 75 characters) to provide a short description of the additional care.                                                      |
| Provide reference to records describing this additional care | Enter freeform text (up to 75 characters) to refer to the records that contain information about this line item.                                      |
| Add                                        | Click to add a new line item.                                                                                                                                 |
| Delete                                      | Click to delete a line item.                                                                                                                                 |
| Previous                                   | Click to return to the Case Re-Review Request page.                                                                                               |
| Continue                                   | Click to continue with the request and display the:  
  - Case Amended Review Case Documents page, if you selected “Medical” as the re-review request type  
  - Case Re-Review Request Drug Details page, if you selected “Both” as the re-review request type |
| Cancel                                      | Click to cancel the re-review request and display the Cancel Re-Review Request Confirmation page                                                    |

Enter Drug Details

**Note:** The step is required if you selected “Drug” or “Both” as the re-review request type on the Case Re-review Request page. If you selected “Medical,” this step does not apply.

On the Case Re-Review Request Drug Details page, enter changes to prescription drug details related to your amended review request. On this page, you can:

- Remove drugs that are no longer required
- Change information (such as dosage requirements) for drugs already included in this case
- Add additional drugs

Complete the following steps, as necessary, to modify the drug details for the case:

1. To remove a drug from the summary, select the *This item is no longer required* radio button in the drug line item.
2. To change the dosage, click the **Dosage** hyperlink to display the *Drug Dosage Lookup* page and select a new dosage from the list of available dosages for this drug.

   Click **Continue** on the *Drug Dosage Lookup* page to save the new dosage.

   The *Dosage* and *NDC* fields on the *Case Re-Review Request Drug Details* page update with the new dosage selected.

3. To change the frequency, enter a new value in the appropriate *Frequency* field (Day, Week, or Month).

   Click **Reset** in any line to undo your changes and display the drug information from the summary table of the original case.

4. To add additional drugs, click **Drug Lookup**.

   The *Rx Search* page appears. Follow the instruction in Section 11.6.1 to complete the required fields on the *Rx Search* page.

5. To remove a newly added drug from the *Additional Medication Summary* grid, click **Delete [X]**.

6. Click **Continue** to proceed.

   The *Amended Review Case Documents* page appears.

**Note:** As part of the re-review request, you may change from brand-name to generic drugs and drug types. However, this change cannot be the sole reason for your re-review request. You must include additional changes (i.e., changes in dosage and/or frequency, additional drugs, or drugs no longer taken) to qualify for a re-review request.

--- | ---
Frequency Per Month | Displays a frequency for a drug. Enter the number of units per month. You can enter up to five characters. This field is read-only.
Red Book Version | Displays the Red Book Version # from the Drug Lookup (Rx Search) page. This field is read-only.
Rx Info. (“i”) | Click this icon to display (in a new window) the Rx Detail page with current and historical pricing for the drug.
Previous | Click to return to the:
- Case Re-Review Request page, if you selected “Drug” as the re-review request type.
- Case Re-Review Request Medical Details page, if you selected “Both” as the re-review request type.
Continue | Click to continue with the request and display the Amended Review Case Documents page.
Cancel | Click to cancel the re-review request and display the Cancel Re-Review Request Confirmation page.

**Attach Documentation**

On the Amended Review Case Documents page (Figure 12-30), you must upload all documentation related to the case from the original submission date up to the current date.

The process for adding, replacing, and deleting documents on the Amended Review Case Documents page is the same as on the Case Documents page. See Section 11.11 for more details.

1. Click the **Add Files** link under the document category you would like to add.

   This opens the **Attach Documentation** page (Figure 12-9).

2. Use the **Attach Documentation** page to browse your system and select a document to upload to the case.

   Selected documents must be in PDF format and each file cannot exceed 40 MB. Document categories marked with an asterisk (*) are required for submission.

3. Select the **I attest that the documentation attached is complete and accurate to the best of my knowledge** checkbox to provide your attestation.

4. Click **Continue** to upload your documents and display the Case Re-Review Request Verification page.
Figure 12-30: Amended Review Case Documents Page (Top)

Amended Review Case Documents

To add a documentation for the Amended Review Request, click the Add Files link under the document type you would like to add. Documents must be in PDF file format and cannot exceed 40 MB (megabytes). Medical records must be separated into files that contain less than 100 pages. Please create separate files BEFORE attaching these files.

Before submitting your request for an Amended Review, please ensure that all case documentation from the original submission date going forward and up to the current date is included in the re-review request.

To delete documentation, locate the document and click the ‘Delete’ button that appears to the right of the file name.

Once you have added all required documentation, click the Continue button at the bottom of the screen.

An asterisk (*) indicates a required file.

Verify and Confirm Your Request

On the Case Re-Review Request Verification page (Figure 12-32), the information you entered for the re-review request appears.

1. Verify that the information provided is accurate.

2. If you need to change any information, click Edit next to the corresponding section.
   
   Once you click Edit for a section, you will be taken to the appropriate information entry page. Add, change, or delete any information as needed.

3. Click Continue to proceed with the re-review request.

   The Case Re-Review Request Confirmation page appears (Figure 12-34).
   
   Note: Click Previous to make changes or click Cancel to cancel the re-review request. When Cancel is clicked, the Cancel Re-Review Request Confirmation page appears. Click Yes to cancel the request (and discard all information), or click No to return to the previous page.

   If you entered free-form text, it will be added to the permanent case and the case will be submitted for consideration.
Figure 12-32: Case Re-Review Request Verification Page (Amended Review, Top)

Case Re-Review Request Verification

Case Number: ####

Please review your re-review request below to verify the information you have entered is correct. If the information is correct, click the Continue button to submit the re-review request. Click the Previous button to return to the previous page to edit information. Click the Cancel button to return to the Home page and cancel the Case Re-Review Request. All data will be lost.

Re-Review Request Type: RX

Reason for Re-Review Request: Amended Review - You believe projected care has changed so much that the new proposed amount would result in a 10% or $10,000 change (whichever is greater) in CMS's previously approved amount.

New Proposed MSA Amount: $50000.50

Cancel Your Request

At any time during the re-review process, you can click **Cancel** to cancel your request. The **Cancel Re-Review Request Confirmation** page appears, asking you to confirm that you wish to cancel the request and discard all of your data.

Click **Yes** to cancel the request or click **No** to exit the cancellation and return to the previous page.

Figure 12-35: Cancel Re-Review Request Confirmation Page
12.4.4 Re-Review Next Steps

When a re-review request has been submitted, the case is placed in DREC status indicating to the RO that documentation has been received on the case. (Note: Case Status can be viewed on the Case Listing page). The file name for each document that has been attached to the re-review request is displayed on the Summary Information page, and the Case Documents page for option 1 and 2 reviews or the Amended Case Documents page for Amended Reviews.

When the re-review process is complete, an email Alert (Approval Letter) will be sent to the email address provided during account setup. You can view the Alert by clicking the View Alerts link on the WCMSAP Home page. The Alert (Approval Letter) will include the completed Re-Review Request attachment with the RO determination.

12.5 Submit and View Attestations

If you are a Self or Representative account type or beneficiary user (logged in through MyMedicare.gov) who is identified as the administrator (that is, you were selected as the administrator on the WCMSA Administrator page), you will be able to submit annual attestations for all eligible WCMSAs or view previously submitted attestations.

Click the WCMSA Attestation Information button on the Case Documentation page (via MyMedicare.gov) or Summary Information page (directly from the WCMSAP) to open the WCMSA Account Balance and Attestation Submission page (Figure 12-38). This page allows authorized users to view summary information about their WCMSA, view attestations previously submitted on the WCMSAP, upload and submit settlement documentation (if it was not previously submitted), and submit an annual attestation for the WCMSA case.

Note: The information displayed on this page and options available to you will vary depending on your role (Representative or Self account type user or Medicare beneficiary accessing this page via MyMedicare) and whether final settlement documentation has been received and verified.

All authorized users who can access this page will see the following fields displayed on the page:

Table 12-6: WCMSA Account Balance and Attestation Submission (All Authorized Users)

<td>Displays the date of injury.</td>
</tr>
</tbody>
</table>

Medicare Beneficiaries Who Are Not the Identified Administrator

If you are a Medicare beneficiary who is not the identified administrator, this page can be used to view read-only summary details for your WCMSA and view attestations that were previously submitted on the WCMSAP on your behalf. If you have questions about your account, this page will provide you with contact details so that you may contact your administrator. If contact information for your administrator is not available in the system, this page will direct you to contact the BCRC to resolve the issue.

Note: As a part of your settlement agreement, a professional administrator or other individual has been identified as the administrator to manage your WCMSA funds and report your annual attestation to Medicare.
The following information will be displayed (as applicable) on this page for the case.

### Identified Administrator of a Case Where Final Settlement Documentation Has Not Been Received

If you are the identified administrator and final settlement documentation has not been received and validated, this page can be used to upload and submit that documentation.

**Notes:** You must submit an attestation to the BCRC stating the funds in the account have been used correctly no later than 30 days after the anniversary date of your settlement. However, you will not be able to submit an attestation until final settlement documentation has been received and validated.

The following information will be displayed (as applicable) on this page for the case.

### Figure 12-37: WCMSA Account Balance and Attestation Submission (Administrator View for Cases Where Final Settlement Documentation Has Not Been Received)

</table>

**Identified Administrator of a Case Where Final Settlement Documentation Has Been Received**

If you are the identified case administrator and final settlement documentation has been received and validated, this page can be used to view summary details for your WCMSA, view details for attestations previously submitted on the WCMSAP, and submit attestations related to the WCMSA for which you are the administrator.

**Note:** You must submit an attestation to the BCRC stating the funds in the account have been used correctly no later than 30 days after the anniversary date of your settlement.

The following information will be displayed (as applicable) on this page for the case.
Figure 12-38: WCMSA Account Balance and Attestation Submission Page (Administrator View for Cases Where Final Settlement Documentation Has Been Received)

![WCMSA Account Balance and Attestation Submission Page](image)

Every year, no later than 30 days after the anniversary date of your Worker's Compensation settlement, the administrator of the WCMSA funds must send an attestation to Medicare's Benefits Coordination Recovery Center (BCRC) stating that the funds in the account have been used correctly. Individuals who have a CMS-approved WCMSA as part of a workers' compensation settlement agreement may only use the funds in the WCMSA account to pay for Medicare-covered medical services and Medicare-covered prescription drug expenses that are related to their workers' compensation injury, illness, or disease.

To submit your attestation, review the information below, select the appropriate attestation statement, enter the applicable monies spent, and select the attestation checkbox. If you want to submit a copy of your accounting records, click the Upload Documentation link to upload this document. Once you are ready to submit your information, click Submit Attestation. Click View Attestations to view attestations previously submitted on the WCMSAP. Click Cancel if you do NOT wish to submit your attestation at this time.

Please Note: If the anniversary date for the current payout period has passed, the Current Balance will include the next payout amount.

I, the undersigned, attest that I have a structured annuity WCMSA and have:

- [ ] Used the annual monies from the WCMSA account for the period of [ ] / [ ] to [ ] / [ ]
- [ ] Used the monies from the WCMSA account for the period of [ ] / [ ] to [ ] / [ ]
- [ ] EXHAUSTED the annual money (and any applicable carry-over from previous years) in the WCMSA account for the period of [ ] / [ ] to [ ] / [ ]
- [ ] COMPLETELY EXHAUSTED all monies in the WCMSA account for the period of [ ] / [ ] to [ ] / [ ]

To pay for the following:

- Medical expenses: $ [ ]
- Prescription drug expenses: $ [ ]
- Taxes paid on interest earned: $ [ ]

The interest earned on these funds was: $ [ ]

[ ] I acknowledge and understand that failure to follow any of the Medicare requirements for the use of this money will be regarded as failure to reasonably recognize Medicare’s interests and that Medicare will deny coverage for all medical treatments and prescription drug expenses due to my work-related injuries up to the total workers' compensation settlement amount.

CMS reserves the right to audit how you spend the funds in your WCMSA account. Therefore, CMS recommends that you retain your WCMSA records for a period of seven (7) years.

To upload supporting documentation, click the Upload Documentation link.

### 12.5.1 Submitting an Attestation

**If you are the identified administrator for the WCMSA, you can submit your attestation from this page. To submit your attestation:**

1. Click the applicable attestation statement and enter the attestation start and end dates.
2. Enter the amount of any medical and prescription drug expenses paid (as applicable).
3. Enter any taxes paid on interest earned on the WCMSA funds, as well as the interest earned on these funds (as applicable).
4. Select the checkbox to agree with the acknowledgement statement.
5. If you are submitting supporting documentation with your attestation, click the **Upload Documentation** link, which will display the **Attach Documentation** page. Click the **Delete** link to delete the uploaded document (as necessary).
6. Click **Submit Attestation** to submit the attestation or click **Cancel** to cancel the submission process and return to the Case Documentation page.

The *WCMSA Attestation Submission Verification* page appears (Figure 12-39).
Note: Click Previous to return to the WCMSA Account Balance and Attestation Submission page to make changes or click Cancel to cancel your attestation submission. All uploads for this submission will be deleted if cancel is clicked.

7. Verify that the information you provided is accurate. Click Continue to submit your attestation. The WCMSA Attestation Submission Confirmation page appears (Figure 12-40). This page confirms that you have successfully submitted your WCMSA attestation.

8. Click Continue to return to your Home page (if you are a Self-account or Representative account type user) or the Case Documentation page (if you are a beneficiary accessing this page via MyMedicare).

Figure 12-39: WCMSA Attestation Submission Verification Page

Please review the WCMSA attestation information below to verify that this is correct for Case Number: WC

Payout method: Structured Annuity
For the period of: MM-DD-YYYY to MM-DD-YYYY
Medical services: $112.30
Prescription drug expenses: $12.30
Taxes paid on interest earned: $12.30
Interest earned: $20.30
New balance: $375.60
Documentation uploaded: WCMSA Account Records.pdf

12.5.2 Viewing an Attestation

If you are the Self or Representative account administrator, you will be able to view all attestations that you previously submitted via the WCMSAP. If you are a Medicare beneficiary accessing this page via MyMedicare, you will be able to view all attestations submitted via the WCMSAP.

Click the View Attestations button on the WCMSA Account Balance and Attestation Submission page to open the View Attestation Submissions page. This page shows summary information for your case and each attestation submitted via the WCMSAP for the listed case ID.

Prescription Drug Expenses | Displays the amount of prescription drug expenses.
Taxes Paid on Interest Earned | Displays the amount of taxes paid on interest earned.
Balance | Displays the balance after the attestation is submitted.
Uploaded Documents | Displays the filename of the uploaded document submitted with the attestation.
Cancel | Click to return to the WCMSA Account Balance and Attestation Submission page.

### 12.6 MyMedicare.gov Link to WCMSAP

Beneficiaries who log in to MyMedicare.gov can view information about their WCMSAP cases in the MSA (Medicare Set Aside) tab. The tab displays a list of your current Workers’ Compensation cases, along with hyperlinked Case IDs.

To log in to your MyMedicare account go to the MyMedicare.gov website at [https://mymedicare.gov/](https://mymedicare.gov/).

**Note:** When you access the WCMSAP from MyMedicare.gov, you can only view the Case Documentation and Case Listing pages described below.
Once you log in to your MyMedicare account, you can click the MSA tab to view your list of cases. From there, you can click a Case ID link to access the Case Documentation page, which displays all submitted documents associated to that case.

12.6.1 Case Documentation (MyMedicare)

The Case Documentation page (Figure 12-42) lets you view (read only) all documents that have been submitted for your case, or search for documents by the date the case was submitted to the WCMSAP. Each document appears under the Document Category heading.

You can also view your WCMSA balance or, if your case is eligible and you are identified as the administrator, you can submit your yearly attestation by clicking the WCMSA Attestation Information button. See Section 12.5 for more details.

Note: Only documents that have been reviewed and verified that no commingling exists (see Section 11.11.3) will be available for viewing through the MyMedicare portal. If no documents have been verified, then you will see a message on the screen indicating that no documents are available to view at this time.

Click Case Listing to navigate to the Case Listing page.

Click Logoff in the upper right corner to sign out of your WCMSAP session.

To search for documents:

1. Enter a From Date.
   Enter a beginning case submission date, in MM/DD/CCYY format. Enter two digits for the month, two digits for the day, and four digits for the year in their respective fields.

2. Enter a To Date.

3. Click Search to display cases using your search criteria.

4. Click Clear to empty all fields and re-display all documents.
To view submitted case documentation:
Click a hyperlink in the Document Category column to view a document.
A separate window opens and displays the document in .PDF format.

Figure 12-42: Case Documentation Page (MyMedicare.gov)

### Field | Description
--- | ---
Document Category | Type of document submitted. Click this hyperlink to view the document in .PDF format in a new browser window. Options for the Document Category include (in alphabetical order for ease of use):
- Consent Form
- Future Treatment Plans
- Life Care Plan
- Medical Records
- Payment History
- Proposed/Final Settlement Agreement or Court Order
- Rated Age Information or Life Expectancy
- Set-Aside Administrator or Copy of Agreement
- Submitter Letter or Other Summary Documents
- Supplement/Additional Information

Creation Date | The date the document was submitted.

Case Listing | Click to go to the Case Listing page.

WCMSA Attestation Information | Click to go to the WCMSA Account Balance and Attestation Submission page and view your WCMSA balance or submit your yearly attestation (if your case is eligible and you are identified as the administrator).

### 12.6.2 Case Listing (MyMedicare)

The Case Listing page displays your account information, along with a list of all submitted Workers’ Compensation Medicare Set-Aside cases (portal and non-portal) associated with your account.

Click a link in the Case Number column to access the Case Documentation page for that case (see Section 12.6.1 for more information).

Click Logoff in the upper right corner to sign out of your WCMSAP session.

### 12.7 Request Case Access

The *New Case Request* page allows AMs or ADs for Professional Administrator accounts to enter information that will be used to evaluate whether they have the authority to view summary information for a WCMSA case. These users will be required to submit a new case request for each case for which they are the administrator, and they will be required to provide the current or opening balance for all existing WCMSAs they want to administer on the WCMSAP before transaction records will be accepted for the case.

**To successfully submit a new case request:**

- You must be the identified administrator for that case.

  **Note:** This means that the Employer Identification Number (EIN) associated with your account must match the EIN of the entity identified as the administrator for the case you are requesting to view. If this is not correct, you will need to contact the BCRC at 646-458-2255 to resolve this issue before continuing.

- The case must have been approved.

- The final settlement documentation must have been received or validated by CMS.

  **Note:** In this case, you must upload the settlement information via the *Attach Documentation* page and submit the documents. Once the documentation has been validated, you will be able to return to the *New Case Request* page to submit your new case request.
To submit your request:
1. Click the Request Case Access link on your Home page (for a Professional Administrator account).
   
   The New Case Request page appears (Figure 12-44).
2. Enter all required information.
3. If final settlement documents have been received, click Continue to continue the new case request process.
   
   If your case request is approved, the New Case Request Confirmation page appears (Figure 12-45).
   
   **Note:** If your case request fails, you will return to the New Case Request page. Review items required to successfully submit a new case request, make any necessary changes, and continue the case request process.
   
   Proceed to steps 4 through 6 if final settlement documents have not yet been received.
4. Click the Upload Documentation button to upload settlement information from the Attach Documentation page (Figure 12-9).
   
   **Note:** See Section 11.11.1 for more details about uploading documents using the Attach Documentation page.
   
   Once your document is successfully uploaded, you will be returned to the New Case Request page. The filename of your uploaded document will be shown in the Documentation Uploaded section and the Submit Files button will appear.
5. Click Submit Files to submit the uploaded documentation.
   
   The Settlement Documentation Submission Confirmation page appears (Figure 12-46). This page confirms that you have successfully submitted the documentation for the case listed.
6. Click Continue to return to your Home page. Then, return to the New Case Request page and complete steps 1 through 3 to submit your new case request.
Figure 12-44: New Case Request Page

The information requested below will be systematically validated to ensure you have the appropriate authority to access the WCMSA case.

Enter the required data and click the Continue button to submit your new case request. To cancel this request, click the Cancel button to return to the Home page.

An asterisk (*) indicates a required field.

<table>
<thead>
<tr>
<th>Field</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Workers' Compensation Case Control Number*</td>
<td>Enter the 15-character Case Control Number. Required. The Workers' Compensation Case Control Number must match a number for an existing case.</td>
</tr>
<tr>
<td>Beneficiary Medicare ID</td>
<td>Enter the beneficiary’s Medicare ID (HICN or MBI). Required if the claimant’s SSN is not entered. The Medicare ID is also known as the Medicare Number by CMS’ Medicare beneficiaries. The beneficiary Medicare ID must match a current or past identifier (HICN or MBI) associated with the beneficiary on the case.</td>
</tr>
<tr>
<td>Beneficiary Social Security Number (SSN)</td>
<td>Enter the beneficiary’s nine-digit Social Security Number. Required if the beneficiary’s Medicare ID is not entered. The SSN does not have to be the same identifier that was used when the case was created. The case will be found if it was submitted under the HICN or MBI.</td>
</tr>
<tr>
<td>Beneficiary Last Name</td>
<td>Enter the beneficiary’s last name. Required. The first five characters (or the number of characters entered when the last name is less than five characters) must match the beneficiary’s last name on the case.</td>
</tr>
<tr>
<td>Beneficiary Date of Birth</td>
<td>Enter the beneficiary’s birth date (MM/DD/YYYY). Required. This must match the beneficiary’s date of birth on the case.</td>

<td>Click this button to submit your uploaded documentation. <strong>Note:</strong> This button will only be shown after a document is successfully uploaded on the <em>Attach Documentation</em> page.</td>
</tr>
</tbody>
</table>
12.8 Manage Case Access

AMs for Corporate and Representative accounts can use this page to grant or revoke an AD’s access to specific cases under an Account ID.

After clicking the Manage Access link on the Case Listing page, or the Manage Access button on the Summary Information page, the Manage Case Access page appears.

The Manage Case Access page lists all ADs assigned to the Account ID. If the AD currently has access to the selected case, the checkbox will be checked. If the AD does not currently have access to the case, the checkbox will be empty.

1. To revoke AD access to a case, remove the check. To grant access, place a check in the box. Place a check in the Select All box to grant access to all ADs. Check the box again to revoke access from all ADs.

2. After all changes are complete, click the Continue button.

   The Case Access Confirmation page appears, listing only the ADs with access granted to the case (Figure 12-48).

3. Click the Case Listing button to return to the Case Listing page.
12.9 Transaction Files

If you are a professional administrator, you can upload transaction files and download the corresponding response files for the WCMSAs you administer.

**Note:** See Appendix B for the file layouts and error codes.

### 12.9.1 Upload Files

Click the Upload File link from your Home page to open the File Upload page. From there, you may upload transaction files associated to the WCMSAs you administer. You can also view a table showing a list of files previously uploaded by users associated with the account ID (by File Name, Upload Date, and User ID). The most recent (and maximum) 500 files uploaded for the year will be shown.
Note: Files must be in plain text comma separated format (.csv) and cannot exceed 40 MB. The file name must be 40 characters or less and the file must also be virus-free. Otherwise, an error will appear.

To upload a file:

1. Click Browse next to the File to Upload field to locate and select your file.
2. Click Continue to complete the upload or click Cancel to cancel the upload and return to your Home page.

The WCMSA Upload File Confirmation page appears. This page confirms that your upload was successful. Click Continue to return to your Home page.

Figure 12-49: WCMSA File Upload Page
12.9.2 Download Response Files

Click the Download Response File link from your Home page to open the Response File Download page. From there, you may download response files created for transaction files you submitted. The Files Available for Download table lists the available files (by File Name, Processed Date, and User ID).

Note: These files are available to download in .csv format for up to one year. The most recent (and maximum) 500 files will be shown.

To download a file:

1. Click the file name link; then follow prompts to open or save the file.
2. Click Continue to return to your Home page.
Figure 12-51: WCMSA Response File Download Page

Below are the response files available for download. To download a file, click on the file name. These files shall be available for one year (up to 500 files). Click Continue to return to the Home page.

Chapter 13: View Alerts

After cases have been submitted, the Workers’ Compensation Recovery Contractor (WCRC) reviews each case for completeness and accuracy. If errors have been found in a submitted case, the WCRC sends an alert email to the email address provided during account setup. The alert email will contain the case number and the type of error found. Use the Alerts section of the WCMSAP to view the alert or, in most instances, the letter issued by the Benefits Coordination & Recovery Center (BCRC). Most alerts are informational; however, some require action on the case. Read the alert and respond if necessary. Take the following steps to view alerts.

From the Home page, click the View Alerts link in the “I’d like to…” box. (Select an account ID from the Account List page first, if needed.)

Note: If the case identifiers (SSN and/or Medicare ID) are updated by WCRC staff, WCMSAP alerts generated prior to the changes will continue to show the original identifiers.

13.1 Alert Lookup

By default, the Alerts page lists all alerts for the previous 60 days associated with the Account ID(s) you are registered under (Figure 13-2). Use the fields on the page to narrow the displayed alerts.

1. Filter alerts by entering your selected criteria; then click Search.

   The Alert Lookup page reappears, with information listed for alerts that matches the search criteria only.

2. Click the Alert ID number link to view Alert Detail page, which displays a specific alert or letter. (Alerts with no details to view, such as “Deceased Beneficiary” alerts, are not linked.)

3. Click the Case Number link to view the Alert Listing page, which shows all alerts for the case (Figure 13-3).

</table>
### Field | Description
--- | ---
**Alert Type** | Type of alert. Most alerts are a letter, and the *Alert Detail* page will contain the letter in PDF format. Options are:
- Under Threshold
- Development
- Deny
- Zero Set Aside
- Approval (includes recommendation attachments)
- Closeout
- Deceased Beneficiary (does not produce a letter)
- Commingled (does not produce a letter)
- Updated Identifier
- Re-Review Request Decision – Approval
- Re-Review Request Decision – Denial
- Amended Review Decision – Approval
- Amended Review Decision – Denial

**Case Number** | Case number associated with the alert. Click the Case Number link to display the *Alert Listing* page, which displays all alerts for that case.

**Creator** | Entity that entered the alert. Options are Submitter, WCRC, and Regional Office (RO).

**Status** | Status of the alert. Options are Open or Archived.

**Medicare ID/SSN** | The Medicare ID (HICN or MBI) or SSN of the beneficiary or claimant associated with the case. The first five digits of a HICN or SSN are masked by asterisks.

**Bene Name** | Name of the beneficiary or claimant associated with the case.

**Search** | Click to narrow the displayed alerts using your search criteria.

**Clear** | Click to empty all fields and show all alerts.

**Cancel** | Click to return to the *Account List* page.

### 13.2 Alert Listing

This page displays all alerts associated with the selected case number. Click the Alert ID number link next to an alert to view the *Alert Detail* page (Figure 13-4).
Figure 13-3: Alert Listing Page

13.3 Alert Detail

The Alert Detail page displays the selected alert. Most alerts are accompanied by letters. In most instances, the Alert Detail page will display the contents of the letter in PDF format.

1. Read the alert and review for any changes required to the account.
2. Click Archive This Alert to change the alert status to Archived.
3. Click Close this Window to close the alert and return to the previous page. Use the case lookup process, as outlined in Chapter 12, to make any necessary changes to the case.

Figure 13-4: Alert Detail Page
1. From any page, click the **Logoff** link at the top of the page (Figure 14-1).
   The system ends your session and displays the *Login Warning* page (Figure 14-2).

2. Once the *Login Warning* Page has displayed, close your browser.

Unauthorized access to this computer system is prohibited by law.

This warning banner provides privacy and security notices consistent with applicable federal laws, directives, and other federal guidance for accessing this Government system, which includes: (1) this computer network; (2) all computers connected to this network, and (3) all devices and storage media attached to this network or to a computer on this network. This system is provided for Government-authorized use only.

Unauthorized or improper use of this system is prohibited and may result in disciplinary action and/or civil and criminal penalties.

Personal use of social media and networking sites on this system is limited as to not interfere with official work duties and is subject to monitoring.

By using this system, you understand and consent to the following:

- You have no reasonable expectation of privacy regarding any communication or data transmitted or stored on this system.
- The Government may monitor, record, and audit your system usage, including usage of personal devices and email systems for official duties or to conduct HHS business. Therefore, you have no reasonable expectation of privacy regarding any communication or data transmitted or stored on this system. At any time, and for any lawful Government purpose, the Government may monitor, intercept, and search and seize any communication or data transmitted or stored on this system.
- Any communication or data transmitted or stored on this system may be disclosed or used for any lawful Government purpose.

Privacy Act Statement

The collection of this information is authorized by 42 U.S.C. 1395y(b)(5). The information collected will be used to identify and recover past mistaken Medicare primary payments and to prevent Medicare from making mistakes in the future for those Medicare Secondary Payer situations that continue to exist.

Attestation of Information

I have submitted all relevant information obtained and/or have knowledge of regarding this claimant, that was generated at any time on or after the Date of Incident (DOI) for the alleged accident/illness/injury/incident at issue, and has been included as part of this submission of the proposed amount for this WCMSA to the Centers for Medicare & Medicaid Services.

This information provided is complete, truthful, accurate, and meets all requirements set forth to use this process; and, I have read and understand all of the Centers for Medicare & Medicaid Services information at [Workers Compensation Agency Services](http://www.cms.hhs.gov/About-CMS/Agency-Information/About/Security-Policies.html).

**LOG OFF IMMEDIATELY** if you do not agree to the conditions stated in this warning.

- [Accept](#)
- [Decline](#)

*A Privacy Act system of records is a group of any records about individuals and under the control of any Federal agency from which information is retrieved by the name or other personal identifier of the individual.*
15.1 Replace Account Representative

Use the Edit button on the Update Corporate Information page, as accessed from the Update Account Information link in the Account Settings box on the Home page. See Chapter 8 for more information.

15.2 Replace Account Manager

If an Account Manager (AM) must be replaced for Corporate or Professional Administrator accounts, the AR must contact the Electronic Data Interchange (EDI) Department and request replacement. AMs cannot be replaced using the WCMSAP site.

15.3 Unsuccessful Account Registration

15.3.1 Previously Used EIN

During initial registration, an error message will display on the Corporate Information page (for Corporate account types) or the Professional Administrator Information page (for Professional Administrator account types) if you enter an Employer Identification Number (EIN) that has already successfully completed the registration process for the account type. Change the EIN entered and continue the registration process.

Note: You may register one corporate account and one Professional Administrator account with the same EIN.

15.3.2 Previously Used SSN

During initial registration, an error message will display on the Representative Information or Beneficiary/Claimant Information page if you enter an Social Security Number (SSN) that has already successfully completed the registration process for Representative or Self account types. If you have incorrectly entered your SSN on this page, change the SSN entered and continue the registration process.

15.3.3 Registration Denied

During initial registration, an error message will display if a beneficiary entered for Representative or Self account types is not found in the database. Registration cannot be completed for this beneficiary.

15.4 Unsuccessful Account Setup

15.4.1 Account PIN Error

The Personal Identification Number (PIN) for the Account ID will be sent to you (for Representative or Self accounts) or the Account Representative (AR) (for Corporate or Professional Administrator accounts), after the New Registration step has been completed. If, during Account Setup, the Account Manager (AM) receives an Invalid Account ID/PIN Combination error message, check the numbers on the mailing received.
An Account ID should always contain nine digits and a PIN should have four digits. If your numbers are shorter, add leading zeros to make them the proper length. You have three tries to enter the PIN correctly before the account is locked. Contact an EDI Representative to confirm the Account ID/PIN combination or to unlock the PIN.

15.4.2 Account ID Already Registered

During Account Setup, an error message will display on the Account Setup page if you enter an Account ID and PIN that has already successfully completed the setup process. The message will indicate that the account is already set up. Because the account is already set up, you cannot self-register as the AM for the Account ID or repeat the Account Setup process. There can be only one AM for each Account ID.

If you had previously completed Account Setup for the Account ID and registered as the AM, go back to the Welcome page and enter your Login ID and Password to sign in to the WCMSAP site. If you are not the AM, contact the existing AM to add you as an Account Designee (AD) if you need access to the system.

15.4.3 Account Manager and Account Representative Email Addresses Match

An error message will display if, during Account Setup and AM self-registration, it is found that your email address (as the AM) matches the email address of any AR recorded in the system. ARs cannot be users of the WCMSAP site for any Account ID. Click Next on the error message to be returned to the Welcome page. If the wrong individual was named as the AR in the New Registration step, contact an EDI Representative to make the necessary correction.

15.5 Unsuccessful Account Designee Invitation

15.5.1 Account Designee Email Address Matches Account Representative or Account Manager Email Address

An error message will display if, while an AM is adding an AD to an Account ID, it is found that the Designee’s email address matches the email address of any AR recorded in the system. ARs cannot be users of the WCMSAP site for any Account ID, and AMs cannot also be Designees. Click Next on the error message to be returned to the Welcome page.

15.5.2 Account Designee Email Address Matches Account Designee Already Associated with the Account

An error message will display if, while an AM is adding an AD to an Account ID, it is found that the Designee’s email address matches the email address of an AD already assigned to the same Account ID. Return to the Designee Listing page to manage the AD’s case access.

15.6 Unsuccessful Account Designee Registration

15.6.1 Incorrect Passphrase

The passphrase must be provided to you (the AD) by the AM, outside the system. It will not be included in the invitation email. The AM’s name is contained in the invitation email and can also be found on the registration page where the error is received. Contact your AM to obtain the passphrase.
If your AM does not remember the passphrase, they can log into the WCMSAP site and create another Passphrase by accessing the Designee Maintenance page and selecting the details associated with your last name. They can then provide the correct passphrase to you. The passphrase is case-sensitive.

15.7 Unsuccessful Login

15.7.1 Invalid Login ID
Refer to Chapter 6.

15.7.2 Inactive Login ID
If you receive this error message at login, your access to the WCMSAP site has been deactivated due to inactivity in the last 180 days. Contact an EDI Representative to reactivate your Login ID and create a new Password.

15.7.3 Revoked Login ID
If you receive this error message at login, you can no longer access the WCMSAP site.

15.7.4 Invalid Password
Refer to Chapter 6.

15.7.5 Expired Password
Refer to Chapter 8.

15.7.6 Deleted Account
If you receive this error message at login, your account’s Account ID has been deleted. It has been deleted because a signed Profile Report has not yet been received by the BCRC and 61 business days have elapsed from the date the Profile Report was sent. Your account must go through the Registration and Setup processes again to gain access to the WCMSAP site.

15.8 Case Creation Errors

15.8.1 Duplicate Case Exists
If you receive this error message, the system has found that a duplicate case already exists, and you will not be allowed to create a new case for this beneficiary or claimant.

15.8.2 Case Under Threshold
If you receive this error message, the proposed settlement amount is under threshold for the case (threshold amounts must be greater than $25,000 for beneficiaries or greater than $250,000 for non-beneficiaries), and you will not be allowed to create a new case.

15.9 Case Submission Errors

15.9.1 Invalid Diagnosis Code
If you receive this error message, the diagnosis code you entered on the Diagnosis Codes page does not exist in the database. Use the Diagnosis Code Search page to retrieve the proper code.
15.9.2 Incomplete Case Information

This message is displayed on the *Summary Information* page, if required sections of a newly created case are incomplete. Any required fields that are missing or incomplete are highlighted in red and flagged with an asterisk (*). Return to the incomplete/incorrect sections and make corrections.

For any additional problems, contact the EDI Department at 646-458-6740 or by email at COBVA@GHIMedicare.com.

EDI Representatives are available to assist you Monday through Friday, excluding Federal holidays, from 9 a.m. to 5 p.m., Eastern Time.

*** Workers’ Compensation Medicare Set-Aside Portal (WCMSAP) ***
*** Registration Notification ***

Your registration request has been successfully verified for the Workers’ Compensation Medicare Set-Aside Portal. Through the WCMSAP, you will be able to submit cases, append new documentation to a case, perform case lookups and view any alerts associated with a case(s).

To begin using the WCMSAP, you must first complete the account setup process. As a part of this process an account manager must be specified. The Account Manager should go to the WCMSAP website at https://www.cob.cms.hhs.gov/WCMSA/, select the “Account Setup” button and follow the instructions presented on the screen. Depending on the account type that was specified during registration, note the following when selecting an Account Manager:

- Corporate Account / Professional Administrator
  The Account Manager cannot be the same individual that was specified as the Account Representative. In addition to processing cases, the Account Manager will have the ability to designate Account Designees.

- Representative Account
  The Account Manager will have the ability to process cases and to designate a limited number of Account Designees.

- Self Account
  Under a Self account, the registering individual will be the Account Manager. No Account Designees may be added.

Next Steps:

To complete the account setup, your designated Account Manager should be selected and provided with your WCMSAP Account ID and Personal Identification (PIN).

  WCMSAP Account ID: [###########]
  PIN: [####]

SAFEGUARDING & LIMITING ACCESS TO DATA

I, the undersigned Account Representative for the WCMSA corporate account defined above, certify that the information contained in this Registration is true, accurate, and complete to the best of my
knowledge and belief, and I authorize CMS to verify this information. I agree to establish and implement proper safeguards against unauthorized use and disclosure of the data for the purposes of WCMSA proposal(s) review and processing. Proper safeguards shall include the adoption of policies and procedures to ensure that the data obtained shall be used solely in accordance with Section 1106 of the Social Security Act [42 U.S.C. § 1306], Section 1874(b) of the Social Security Act [42 U.S.C. § 1395k(b)], Section 1862(b) of the Social Security Act [42 U.S.C. § 1395y(b)], and the Privacy Act of 1974, as amended [5 U.S.C. § 552a]. The WCMSA Account Representative shall establish appropriate administrative, technical, procedural, and physical safeguards to protect the confidentiality of the data and to prevent unauthorized access to the data provided by the CMS. I agree that the authorized representatives of the CMS shall be granted access to premises where the Medicare data are kept for the purpose of inspecting security arrangements and confirming whether the WCMSA submitter is in compliance with the security requirements specified above. Access to any records created by the WCMSA process shall be restricted to authorized CMS and WCMSA submitter employees, agents and officials who require access to 1) perform their official duties in accordance with the approved uses of the information; (2) to respond to authorized for law enforcement investigations, or (3) to respond to any required legal process. Such personnel shall be advised of (1) the confidential nature of the information, (2) safeguards required to protect the information, and (3) the administrative, civil and criminal penalties for noncompliance contained in applicable Federal laws.

SAFEGUARDING & LIMITING ACCESS TO DATA

I, the undersigned Account Representative for the WCMSA corporate account defined above, certify that the information contained in this Registration is true, accurate, and complete to the best of my
knowledge and belief, and I authorize CMS to verify this information. I agree to establish and implement proper safeguards against unauthorized use and disclosure of the data for the purposes of WCMSA proposal(s) review and processing. Proper safeguards shall include the adoption of policies and procedures to ensure that the data obtained shall be used solely in accordance with Section 1106 of the Social Security Act [42 U.S.C. § 1306], Section 1874(b) of the Social Security Act [42 U.S.C. § 1395k(b)], Section 1862(b) of the Social Security Act [42 U.S.C. § 1395y(b)], and the Privacy Act of 1974, as amended [5 U.S.C. § 552a]. The WCMSA Account Representative shall establish appropriate administrative, technical, procedural, and physical safeguards to protect the confidentiality of the data and to prevent unauthorized access to the data provided by the CMS. I agree that the authorized representatives of the CMS shall be granted access to premises where the Medicare data are kept for the purpose of inspecting security arrangements and confirming whether the WCMSA submitter is in compliance with the security requirements specified above. Access to any records created by the WCMSA process shall be restricted to authorized CMS and WCMSA submitter employees, agents and officials who require access to 1) perform their official duties in accordance with the approved uses of the information; (2) to respond to authorized for law enforcement investigations, or (3) to respond to any required legal process. Such personnel shall be advised of (1) the confidential nature of the information, (2) safeguards required to protect the information, and (3) the administrative, civil and criminal penalties for noncompliance contained in applicable Federal laws.

#### Table B-3: Professional Administrator Response File Error Codes

<table>
<thead>
<tr>
<th>Error Code</th>
<th>Related Field</th>
<th>Error Description</th>
</tr>
</thead>
</table>
| R01        | Account ID (Field 1)| **Invalid Account ID**  
  - The Account ID on the transaction does not match the Professional Administrator Account ID the file was submitted from, or  
  - The Account ID is missing from transaction record, or  
  - The Account ID is not numeric |
| R02        | DCN (Field 2)       | **Invalid DCN**  
  - The DCN is missing from the transaction record  
  - The Action Code on the record is not = ‘1’ – Delete and the DCN matches the DCN on a previously accepted record for the Case. |
| R03        | Action (Field 3)    | **Invalid Action**  
  - Action is missing from the transaction record, or  
  - The Action is not equal to ‘0’ or ‘1’ |
| R04        | Case ID (Field 4)   | **Missing Case ID**  
  - Case ID is missing from the transaction record |
| R05        | Case ID (Field 4)   | **Administrator not associated to Case**  
  - The EIN of the case Administrator does not match the EIN of the Professional Administrator Account that submitted the transaction |
<table>
<thead>
<tr>
<th>Error Code</th>
<th>Related Field</th>
<th>Error Description</th>
</tr>
</thead>
</table>
| R06        | Case ID (Field 4) | Case not yet finalized  
  • The case is not in ECRS status CM/50 or OP/01 |
| R07        | Case ID (Field 4) | No Beginning Balance available  
  • A Beginning Balance has not been established for the case |
| R08        | Transaction Type (Field 7) | Beginning Balance already exists  
  • The Transaction Type = ‘1’ indicating a Beginning Balance is being submitted but a Beginning Balance has already been established for the case. |
| R09        | Medicare ID (Field 5) and SSN (Field 6) | Missing Beneficiary Identifier  
  • Both Medicare and SSN are missing from the transaction record. One or the other must be included on the transaction record. |
| R10        | Case ID (Field 4) or Medicare ID (Field 5) or SSN (Field 6) | No matching data found  
  • Transaction record cannot be matched to existing WCMSA data by Case ID, Medicare ID, or SSN provided |
| R11        | Action (Field 3) | Invalid Delete Request  
  • Delete action cannot be accepted because the Transaction Type of the record requesting to be deleted is:  
  ‘1’ – Beginning Balance, or  
  ‘5’ – Annual WCMSA Funds Exhausted, or  
  ‘6’ – WCMSA Funds Completely Exhausted |
| R12        | Transaction Type (Field 7) | Invalid Transaction Type  
  • The Transaction Type is missing from the record, or  
  • The Transaction Type is not equal to ‘1’, ‘2’, ‘3’, ‘4’, ‘5’, or ‘6’ |
| R13        | Transaction Date (Field 8) | Invalid Transaction Date  
  • The Transaction Date is missing from the record, or  
  • The Transaction Date is not a valid date in MM/DD/CCYY format, or  
  • The Transaction Date is not earlier than or equal to the current date |
| R14        | Date of Service (Field 9) | Invalid Date of Service  
  • The Date of Service is not a valid date in MM/DD/CCYY format, or  
  • The Date of Service is not earlier than or equal to the current date |
| R15        | Description (Field 10) | Invalid Description  
  • The first 4 characters of the description cannot be blank |
| R16        | Diagnosis Indicator 1 (Field 11) | Invalid Diagnosis Indicator 1  
  • Diagnosis Indicator cannot = ‘9’ when the DOI on the case is after October 1, 2015, or  
  • Diagnosis Indicator 1 is missing and Transaction Type = ‘3’ |
| R17        | Diagnosis Code 1 (Field 12) | Invalid Diagnosis Code 1  
  • Diagnosis Code is invalid for the corresponding Diagnosis Code Indicator |
| R18        | Diagnosis Indicator 2 (Field 13) | Invalid Diagnosis Indicator 2  
  • Diagnosis Indicator cannot = ‘9’ when the DOI on the case is after October 1, 2015 |
| R19        | Diagnosis Code 2 (Field 14) | Invalid Diagnosis Code 2  
  • Diagnosis Code is invalid for the corresponding Diagnosis Code Indicator |
<table>

Appendix C: Previous Version Updates

Version 5.9
To reduce the need for paper processing of submitted attestations, the WCMSAP now allows Self and Representative account users, and beneficiary self-administrators logging in via MyMedicare.gov to submit annual attestations online. In addition, there is a new account type of Professional Administrator. These users can submit account transactions via input file submissions and download response files online, allowing them to administer and keep detailed records for a WCMSA account without the need for submitting an attestation (changes have been made throughout the user guide).

To prevent multiple re-review or amended review requests when a decision has already been made on such a request, the WCMSAP has been updated to more clearly communicate that decision. Authorized users may receive one of four new email alerts sent from the Workers’ Compensation Case Control System (WCCCS) and view new letters that clearly state the reason for a re-review or amended review decision (Section 13.1).

To increase efficiency in submitting and processing submissions, the limit on pages per folder of medical records submitted using the Attach Documentation page has been removed. However, the size limit per file remains at 40 MB (Chapter 11 and Chapter 12).

Version 5.8
To assist Account Managers (AMs) with designee-limit tracking and the identification of inactive accounts, the Total Number of Account Designees has been added, and AMs can now sort and filter Account Designees (ADs) by Last Login Date, Last Name, and Status fields on the Designee Listing page (Chapter 9).

AMs can now add up to 200 ADs to a corporate account (Section 2.3.3).

Version 5.7
The contact address for the Benefits Coordination & Recovery Center (BCRC) has changed. As a result, the system-generated Profile Report Email Notifications have been updated (Sections 16.2, 16.4, and 16.6).

Version 5.6
- To clarify the process of changing passwords, the Change Password screen has been updated so that users may enter either their current or temporary password, whichever is applicable (Section 8.4).
- To improve efficiency, the Workers’ Compensation Recovery Contractor (WCRC) can now update the SSNs and Medicare IDs (Section 11.1).

SSNs and Medicare IDs (Health Insurance Claim Numbers [HICNs] or Medicare Beneficiary Identifiers [MBIs]):
- Once updated, the WCCCS will generate a new “Updated Identifier” letter to beneficiaries and email alerts will be sent to submitters for associated WCMSAP cases.
- Alerts will appear in the WCMSAP Alert Listing page (Chapter 13).
To reduce the number of version and revision history pages, this guide now includes only information from the last four releases.
